Found" columns of The News.

RITCHIE ACCUSED OF ACCEPTING BRIBE

Means Tells Amazing Story Of Bribery, Intrigue

MANY SENSATIONS REVEALED BEFORE PROBE COMMITTEE

Former Justice Department
Operative Says Smith
Gave Orders.

AIRPLANE MODELS SOLD TO JAPAN

Means Claims He Collected
Big Sums, Turned Them
Over To Smith.

Washington, March 14.—The most
amazing story of bribery, corruption
and intrigue that was ever spread
upon public records concerning peo-
ple high in government life was di-
vulged to the senate committee in-
vestigating Attorney General Harry M. Daugherty
today by Gaston B. Means, a
former operative of the department
of justice, whose checkered career
has led him in and out of many spec-
tacular cases.

Sensation tumbled over sensation
so fast that the grave senators and
startled spectators could hardly fol-
low the significance of Means' lurid
allegations but the high point came
when he declared that in February,
1922, he collected \$104,000 in cash
from a Japanese aircraft representa-
tive here and turned the money over
to Jesse W. Smith, the close friend
and confidant of the attorney gen-
eral. Smith committed suicide in
Daugherty's apartment here a year
ago.

The money, in new one thousand
dollar bills, a full hundred of them,
Means said, was delivered to him in
the Bellevue hotel here, near the de-
partment of justice. It came from
the representative of the Kutsu com-
pany, a Japanese concern, which was
the financial backer of the Standard
Aircraft corporation, against which
the government at the time had a war
contract suit involving several mil-
lions of dollars.

Who Got Money
Subsequently it developed the gov-
ernment's suit against the Standard
company was withdrawn at the re-
quest of the war department.

What became of this money, who
got it? and what it was for, were
questions that Means said he could
not answer. He simply said that as
an agent of the department of justice
he met the Japanese gentleman in the
Bellevue hotel, collected the cash and
turned it over to Smith.

Only a few moments before he had
calmly revealed this startling story.
Means had declared that he took
Smith's orders just as he had taken
orders from Attorney General Daugherty
himself or Wm. J. Burns for, he de-
clared he had always "understood"
that Smith was the "go-between" for
the attorney general, that Smith was
the attorney general, that Smith was
the attorney general, that Smith was
the attorney general.

Means himself is under indictment
in New York for an alleged attempt
to bribe Daugherty, and he waived all
immunity this morning when he took
the stand before the senatorial com-
mittee.

Sold Plane Models to Japs.
Means created another sensation in
the crowded and breathless commit-
tee room when he declared that the
Standard Aircraft Corporation, through
its President, a Mr. Mingle, sold to
the Japanese government the models
of airplanes used by the United
States government.

This is a phase of the matter that
was not pursued with any diligence
this morning but will be gone into
(Continued on third page.)

REV. LINTON SEES HOPE FOR SINNER

Damascus Pastor Preaches
At Salvation Army
Meeting.

Hope for the sinner, through the
atonement of Jesus Christ, was held
out by Rev. Lawrence Linton, of Da-
mascus, in a sermon at the evangeli-
stic meeting Thursday evening at the
Salvation Army barracks. West
Green st. Rev. Mr. Linton used as
his theme, "Absolom, a Man Without
Hope," and in his discourse showed
that sinners were not like Absolom,
because through Christ they could be
saved from sin.

Rev. Stella McCann, of Damascus,
who is assisting in the services, sang.
She will have the last half hour of
the Sunday school period Sunday af-
ternoon to speak to the children.

Rev. Linton will speak Friday eve-
ning and at the Saturday evening ser-
vice will give relations along Salva-
tion lines. G. F. Smith of Alliance
will preach at that service.

Sunday morning Rev. Linton, with
Hawes and Mrs. Raymond Hooker, re-
siding here, will go to Lisbon to
conduct a service at the county
jail.

She Pleads Brainstorm In
Baby Murder.

Mrs. Nettie May McLean, wife of
Kenneth Ross McLean, until recently
a Bowdoin college student, alleged to
have smothered her baby to death
with a "brainstorm" for her de-
fense. The year-old baby was smothered
in the Hotel Eagle, Brunswick.
Mrs. McLean had followed her
husband across the country to show
him the baby. Instead of welcoming
her he told her to keep the news se-
cret or he would be expelled from
college. When she killed the infant

CHARTER MEMBERS BANQUET GUESTS

Maccabee Women Celebrate
26th Anniversary Of
Salem Review.

Four of the six charter members
still affiliated with the review, Mrs.
Daniel Murphy, Mrs. Samuel West,
Mrs. Amos Enriken and Mrs. Thomas
Carr, were in attendance when
Salem review No. 238, Woman's
Benefit Association, celebrated its
26th anniversary Thursday evening
with a banquet at the hall. The other
two charter members, Mrs. W. L.
Glass and Mrs. Charles Burt, were
unable to be present.

The banquet was served at 7
o'clock at tables beautified with pos-
sible plants and covers were laid for
about 100, the guests including Mr.
and Mrs. Plain. Mr. Plain is putting
on the show "Yoo Hoo" for the bene-
fit of the review.

During the banquet the Commer-
cial Travelers orchestra played. This
program, in charge of Mrs. Willis
Burson, was given.
Vocal solo, Mrs. Untch; readings
by Miss Merle Schurenberger, Nora
McNamara and Mrs. Adolph Heim;
talk by Mrs. Samuel West. Mrs.
West spoke about the charter mem-
bers and the work that they used to
do.

The review furnished a gift for
each charter member, and they were
presented by Mrs. Chalmers Zimmer-
man, the commander. To this each
recipient responded fittingly.

BIG GATHERING OF ODD FELLOWS HERE SATURDAY

Arrangements were completed for
the degree work which is to be ex-
ecuted Saturday night at a meet-
ing of Amity lodge I. O. O. F. Thurs-
day evening.

A degree class of candidates in the
third degree. Delegates from Can-
ton, Alliance, Warren, Lisbon, East
Palestine and other nearby towns
will be in attendance. At the close
of the meeting refreshments will be
served.

VETERANS FUND STILL MOUNTING

A check for \$20 has been received
by The News from Frank Potters and
George Aslan, proprietors of the
Original Lunch, Main and Penn sts.,
to be applied to the fund being
raised for the benefit of the Veterans
of Foreign Wars.

This brings The News fund to
\$114. In addition to this, the grocers
and meat dealers have contributed
\$25.

Petrograd Is Passe, Call It Leningrad

Washington, March 13.—The Rus-
sian government today advised the
post office department that the name
of the city of Petrograd, known be-
fore the war as St. Petersburg, has
been changed to Leningrad, in honor
of the Premier, Nicolai Litvine.

FREE!
TOMORROW AT 3 O'CLOCK
THERE WILL BE SEVERAL HUN-
DRED BALLOONS RELEASED
FROM THE THIRD STORY WIN-
DOW OF MACCABEE HALL. TO
MANY OF THESE WILL BE AT-
TACHED FREE TICKETS TO "YOO-
HOO," THE HOME TALENT SHOW
TO BE PRESENTED BY THE LADY
MACCABEES.

SELECT GIRLS' CHORUS FOR MUSICAL SHOW

"Yoo-Hoo," Musical Extravaganza, Will Be Presented At
Grand Theater Next Wednesday And Thursday.

Rehearsals for "Yoo Hoo," the
musical extravaganza to be presented
by home talent March 19 and 20 at
the Grand theater, assure the pro-
moter that it will be one of the best
he has ever conducted.

The production is in charge of
Irving O. Plain and the cast and
choruses will include 150 Salem peo-
ple, who will appear under the aus-
pices of the Women of the Maccabees.

Promoter Plain announced Friday
the selections for the girls' chorus.
The boys' chorus is not completed.
These girls will appear:

The Ensemble.
Elsie Hadley, Edith Barnes, Mar-
garet Macdonald, Mary Yarwood,
Sara Zimmerman, Mary Hoffman,
Dorothy Detwiler, Leonora Astry,
Ruth Barton, Beatrice Conkle, Vera
Mellinger.

Ruth Mullett, Mary Louise Glass,
Edith Baldout, Mary Simonds, Ruth
Baldout, Iva Faulk, Marlean Stanley,
Ruth Paxson, Dorothy Bodendorfer,
Mary Coy, Eunice Hunt, Evelyn Mul-
lett, Olive Falk, Hazel Beck, Mar-
garette Phillips.

Geraldine Clay, Anna Ruth Miller,
Nellie Naragon, Ruth Moff, Vera

MEN INVESTIGATE FOUR CANDIDATES FOR POSTMASTER

Two postal investigators came to
Salem Friday morning to inquire into
the fitness and character of the can-
didates for the postmastership. It
is understood that only four appli-
cants filed, although seven obtained
application blanks.

The four candidates are Postmaster
George H. Mounts, Frank J. Eckstein,
Charles B. Moore and O. C. Hoover.

COURT'S DECISION IS FINAL VICTORY FOR MRS. STILLMAN

Husband Is Prevented From
Reopening Baby Guy
Stillman Case.

New York, March 14.—Mrs. Anne
U. Stillman today won her long legal
battle to prevent her husband, James
A. Stillman, from reopening his suit
to have baby Guy Stillman declared
illegitimate and seeking to establish
grounds on which to sue for divorce.

The victory came in the decision of
the appellate division in Brooklyn,
not to set aside the decision of the
supreme court which had accepted
the report of a special referee declar-
ing Guy legitimate and declining to
accept the accusations Stillman made
involving his wife and Fred Beau-
vais, Indian guide, Stillman had al-
leged was the father of the child.

Stillman, former president of the
National City bank, sought to re-open
the case on the ground of the fa-
mous "confession" letter, which he
alleged Mrs. Stillman wrote to her
husband from Buffalo after returning
from a trip in Canada.

The referee who heard the case re-
fused to admit this letter as evi-
dence and Stillman held that its re-
jection was illegal and that the fail-
ure of the referee to admit it justifi-
ed reopening all the issues.

The decision was unanimous. Still-
man's only recourse now is to appeal
to the court of appeals which can be
done only with the consent of the ap-
pellate division.

Despite this the banker's attorneys
announced he would endeavor to
carry the case to the higher court.

Dr. Gordon Addresses Kiwanians At Lisbon

Dr. P. H. Gordon, pastor of the
Presbyterian church, gave an in-
teresting address at the noon meet-
ing of the Kiwanis club in Lisbon
Thursday.

The speaker took for his subject
"The Builder." He argued that the
builder was always superior to the
building and that in every case the
character of the building expressed
in the most complete way the char-
acter of the builder.

Second Cradle Roll Conference Sunday

The second of a series of confer-
ences held under the auspices of the
Cradle Roll department of the church
school of baby and child welfare
work will be at 3 p. m. Sunday in the
Educational building of the church,
which is on East Green st.

Dr. L. W. King, this city, will lec-
ture on "Care of Special Senses." The
eye, ear, nose and throat. Any one
interested will be welcome. The next
conference will be in two weeks.

CURTIS D. WILBUR, CALIFORNIA MAN, SUCCEEDS DENBY

Coolidge Selects Justice
Of Supreme Court For
Navy Secretary.

GRADUATED FROM
NAVAL ACADEMY

Has Very Definite Ideas On
What Navy Department
Should Be.

Washington, March 14.—Curtis D.
Wilbur, Chief Justice of the Califor-
nia Supreme court, will be the new
Secretary of the Navy, succeeding
Edwin Denby, who resigned on March
10 because of the investigation into
naval oil leases.

President Coolidge prevailed upon
the California jurist to accept the
post after Judge William S. Kenyon,
of Iowa, had declined to be "drafted".
The acceptance of Justice
Wilbur was received at the White
House early this morning by tele-
graph.

Justice Wilbur will be one of the
few graduates of the United States
Naval Academy who has occupied the
naval post in the cabinet. He was
graduated at Annapolis in 1888, but
forsook a naval career almost im-
mediately and took up law, starting
practice at Los Angeles two years later.
He became deputy district attorney
in 1890, and in 1903 went to the
bench where he has remained since.

Wilbur was born in Amesboro,
Iowa, and is 56 years old.

The President's first cabinet nom-
ination is expected to go to the Sen-
ate at once, where immediate action
will be requested by Senator Short-
ridge of California, who was instru-
mental in getting Wilbur to accept
the cabinet post.

Wilbur is not expected to come to
Washington until the nomination has
been confirmed by the Senate, and in
the meantime Theodore Roosevelt,
jr., will remain in charge of the
naval department as acting secretary.
Whether or not Roosevelt will con-
tinue to serve as assistant secretary
after Wilbur takes the oath of office
was a matter of conjecture to-
day, but it was understood that
Roosevelt would offer his resignation
to the President.

Has Naval Program.

San Francisco, Cal. March 14.—
Called from bed at midnight by a
telegram from President Coolidge
"drafting" him to be Secretary of
the Navy, Curtis D. Wilbur, Chief
Justice of the California Supreme
court, without losing any time, dis-
cussed his acceptance of the post.

"I will accept the appointment," he
wired, "and will come to Washington
as soon after confirmation as possi-
ble."

Although declaring he had some
very definite ideas on "what the
Navy Department should be," he de-
clared "the time was hardly ripe to
express these ideas," adding that
they would doubtless "wait time for
maturity."

Justice Wilbur declared he "would
do his level best to see that the United
States navy is absolutely first
class in every way."

It was indicated today that the
chief of the state's highest court will
not resign his present post until he
goes to Washington to be sworn in
as Secretary of the Navy.

Justice Wilbur is a close friend of
Herbert Hoover, also a member of
President Coolidge's cabinet.

PAXSON IN RACE FOR COUNTY JOB

Charles E. Paxson, trustee of Perry
township, has cast his hat into the
ring for county commissioner on the
Republican ticket for nomination next
August.

Paxson, when his term as trustee
expires, will have served 10 years in
that capacity.

Railway Line Sold

Elyria, March 14.—The Cleveland
& Southwestern railway was sold
here today at a receiver's sale to
Hayden Miller & Co., of Cleveland
for \$4,600,000. There was no other
bidder.

WORLD RADIO BROADCASTING ATTEMPTED IN LONDON

New York, March 14.—The mea-
sure of success of the first around the
world radio broadcasting attempt was
a matter of dispute today, following
efforts of the British broadcasting
company of London to send its last
night's program around the globe.

Several listeners in along the Atlan-
tic seaboard reported hearing snatches
of the program broadcast from the
Savoy hotel, London. The "most
noticeable individual success" re-
corded were those of W. G. H. Finch, New
York, who heard a specially constructed
radio set, and Mrs. Arthur
Lynch, wife of the editor of a broad-
casting publication.

Finch picked up announcement from
one of the nine British stations
broadcasting the program and heard
parts of one orchestra number.

Mrs. Lynch heard announcements at
two stations and declared that for
over 15 minutes she was able to en-
joy the music of the Savoy-Orphans
band.

Other radio fans got snatches of
the program.

The air around New York was filled
with static last night and early
today. While all eastern stations
stood by to allow the British send-
ing clear airway, there was consider-
able interference, due it was believed
to warships lying in the Hudson
river.

TWO IN LIQUOR RING IN SALEM UNDER ARREST

Dry Agent Also Faces Transportation Charge
While Andrei And Rotz Are Held On
Three Charges Filed By Chief.

Sensational charges against Earl
Ritchie, constable of Perry township,
and former state prohibition inspec-
tor, that he accepted a bribe from
bootleggers, and transported liquor,
and against John Rotz, 116 Elm st.,
and Teofil Andrei, 205 Ellsworth ave.,
that they offered a bribe to Ritchie,
which he accepted, and that they
also manufactured hooch and trans-
ported the same, were made by Chief
of Police T. W. Thompson Thurs-
day night in affidavits sworn out by
him before Mayor J. B. Schaefer,
and which were served on the three
men, causing their arrest.

Ritchie and Andrei were at liberty
today under bond, while Rotz re-
mained in jail. Andrei's bond of \$3,
000 was signed by James Cosgrave,
while Ritchie was out on \$1,000 bond.
Andrei's bond was for three charges,
\$2,000 for manufacturing, and \$500
on each of the others.

The arrests were made Thursday
night by Patrolmen Willard and
Kirkbride, acting under direct orders
from the chief. The men were
brought to city jail, where they were
given a preliminary hearing by the
mayor.

Specific Charges.

The charges against Ritchie, com-
ing on the heels of his release from

Ritchie Says Case Is Mystery; Trial Set For Thursday

"We have nothing to say at
present," stated Atty. J. L. Hil-
ton, of Canton, prohibition law-
yer, who will defend Ritchie. "We
are making no statements
because we do not at present
have a clear conception of the
charges."

Ritchie said he would rather
not make a statement at pre-
sent, on the advice of Hilton,
because, as he says, he "knows
absolutely nothing about the
matter" and that "it is all a
mystery to him."

Ritchie's trial was set for
next Thursday it was an-
nounced this afternoon. City
Solicitor L. B. Harris will have
charge of the prosecution.

The service of the state prohibition
department when the attorney gen-
eral ruled against "card men," were
the culmination of many months' in-
vestigation by the chief and his de-
partment regarding not only Ritchie,
but the other two men. The charges
against each are as follows:

Constable Earl Ritchie (1) Trans-
porting liquor in Salem and this
county on or about Nov. 27, 1923;
(2) accepting a bribe, from Andrei
and Rotz, for protection against ar-
rest under the liquor laws. Others
are said to be involved in the giving
of this bribe.

John Rotz—(1) Transporting liquor
on Sept. 1, 1923; (2) offered bribe to
Ritchie on Sept. 27, 1923; (3) man-
ufacturing on Aug. 27, 1923.

Teofil Andrei—(1) Manufacturing
on the same date as Rotz; (2) trans-
porting on Jan. 29, 1924; (3) offer-
ing to bribe Ritchie on Sept. 27, 1923.

May Charge Conspiracy.

A third charge may be filed against
Ritchie by the federal government
charging conspiracy to violate the
18th amendment in regard to the
transporting of booze and accepting
a bribe. It is understood that this
charge will be made, and that this
charge is considered the strongest of
them all, involving a sentence in a fed-
eral court under United States laws.

This charge may also be filed against
the two other men.

The charges against Ritchie are
considered the most sensational be-
cause of his connection with prohibi-
tion enforcement. He is accused by
the chief in the warrants of the fol-
lowing in connection with the bribe:
"One Earl Ritchie was one of the
constables of Perry township, in said
county, duly and legally elected,
qualified and sworn to discharge and
perform the duties of said office, and
that said Earl Ritchie did then and
there accept (on Sept. 27, 1923, the
day Ritchie and Rotz made the
hooch) a thing of value, to-wit: a
SUM OF MONEY, for the purpose of
influencing him with respect to his
official duty, and to influence his ac-
tion with reference to permitting and
allowing the liquor law of the State
of Ohio to be violated, which he
wrongfully agreed to do."

Bribery Allegations.

The bribery charges against Andrei
and Rotz are identical and read:

"One Teofil Andrei (Rotz in the
other warrant) corruptly offered and
promised to Earl Ritchie, said Earl
Ritchie being then and there a public
officer, to-wit, constable of Perry
township, a thing of value, a
SUM OF MONEY, with intent to ob-
tain, procure and influence the said
Earl Ritchie, a thing of value, to-wit:
a SUM OF MONEY, for the purpose of
influencing him with respect to his
official duty, and to influence his ac-
tion with reference to permitting and
allowing the liquor law of the State
of Ohio to be violated, which he
wrongfully agreed to do."

The conspiracy charge, not being
a state offense, could not be filed
against the three men, who police
claim, are members of a bootleg ring

which has worked in Salem for sev-
eral years. Federal officers are ex-
pected in Salem Saturday to investi-
gate the charges.

A Meat Eating Nation

By the estimates of the Department of Agriculture every American last year ate 167 pounds of meat, an increase of 17.3 pounds over the average for the preceding twelve months. There was a period in which the consumption per capita was greater, for in 1905 the average amount of meat eaten by every American was 179.3 pounds. Beef led the list, as usual, last year, since that is the favorite flesh of the English speaking nations, with veal, mutton, lamb and pork in the order named.

These figures carry out the statement made recently at the convention of the National Restaurant association that Americans are the best fed nation in the world. Henry A. Baldwin of Springfield, Mass., who made this boast, had just returned from Europe, where he reached his conclusion that our fare surpasses that of foreign nations. To his professional observation the superiority of service and prices in this country today is no more marked than the higher quality.

The fact that the Continental nations of Europe had not been regarded as meat eaters has more than once in the past been urged as the result of superior knowledge of what makes for the best physical condition. It has gradually become known here that their sparing use of meat was owing to its scarcity. In this country Europeans, as soon as they can afford it, indulge in meat as a regular article of diet.

Discouraging as the result may be to believers in vegetarianism, meat is always a sign of material well being on a table, whatever its hygienic significance may be. There has been an undoubted change in the manner of its use for purely physical reasons during recent years. Meat nowadays is seldom eaten three times a day, although it was often enough a part of every meal at an earlier period.

Telephone Investigation

In his overwhelming desire to appear as the "friend of the people," Gov. Donahey has requested an emergency appropriation of \$25,000 with which he expects to conduct a survey of telephone rates, to determine whether or not increased rates are necessary.

Gov. Donahey is apparently more interested in paying out this money to political henchmen than he is in saving money for telephone users. Why does he ask for an emergency appropriation of \$25,000 when he already has directly under him, and responsible to him, telephone experts who are hired by the state of Ohio for such work, and over \$40,000 yearly is being paid to them?

The list of salaries paid to telephone experts, engineers, appraisers, etc., who are directly under Cyrus Locher, Gov. Donahey's director of commerce, totals \$41,400.

All employees of the Public Utilities commission except the three members of the commission, are directly responsible to Gov. Donahey, and not to the commission itself. They are listed as experts, engineers and appraisers, clerks, etc., an imposing array should the governor wish to conduct a survey of telephone or other rates of public utilities.

No criticism of the survey itself is offered. But why pay out \$25,000 for such survey when the agency for the survey is at the command of the governor at all times?

Quiet Nights in Paris

Outside of certain strips and centers where arteries of travel cross, Paris has no night life, says Scribner's. In a good 2,500 of her 2,722 streets one gets the impression that everybody has gone to bed, and, at 10, that all the inhabitants have either moved to the country or died. In the little cafes and restaurants of my quarter, as it draws toward 10 the waiters begin to regard you with an evil eye, and at 10 they pile up the chairs on the empty tables and begin to sweep the floor. Even in the larger ones which keep open an hour or two longer you experience, at 11 o'clock, the very disagreeable sensation of the man in the old song who felt "the one who reads alone some banquet hall deserted."

20 YEARS AGO

(Issue of March 14, 1904.)

A meeting of physicians has been called for tomorrow evening. It is reported that a scale of prices will be arranged.

Senator Charles Dick, of Akron, passed through Salem Monday evening on his way to Washington, where he went to take his seat in the Senate.

The groundhog has held his record with a severity seldom exceeded, and seems to be determined to keep it up. He was in Chicago Sunday night impeding railway and street car traffic.

There is having a new stand built to take the place of the one at the corner of East Main and Second streets. It will be larger and ready for use as soon as the weather moderates.

Schering. A meeting will be held at the rooms of the Schering Athletic club Tuesday evening for the purpose of furthering the organization of a trolley league among the baseball teams in this vicinity.

Sanitary Policeman J. C. Sweeney celebrated his 64th birthday on Monday. He was presented a pair of kid gloves by the employees at the patrol station.

R. D. Burns, who has been very ill of typhoid fever, was reported to be no better Tuesday and his condition is believed critical.

There will be no immediate increase in the price of Jap rugs and shagbarks as the result of the Russo-Japanese war, it has been learned. Mr. and Mrs. H. E. Kade of Ellsworth ave., left this afternoon for Sharon, Pa., where they will attend the funeral of a nephew, Byron Gilbert, who died of typhoid fever.

Farmer Has Terrible Experience

"I don't think anybody ever suffered more pain than I have. Twice I was operated on for gall stones and a third operation was advised. A friend in Iowa wrote me how he was cured by taking Mav's Wonderful Laxative. I took a bottle on his advice with good results and have not taken the full course. My pains are all gone and I feel I am permanently cured." It cures the catarrhal diseases of the intestinal tract, and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded at all druggists.

The albatross, the largest of water birds, measures from ten to fourteen feet from tip to tip of the wing. The bird has to run seventy to eighty yards along the top of the water, with wings spread, before it can get sufficient impetus to rise.

Radium Ointment

Miraculous in its action. Try it for sores, itching, eczema, Ruber, Poisoning, Rheumatism, Elixes, Pimples, Congestion, Stiff and Swollen Joints, Inflammation, Boils, Carbuncles.

Buy your jar today, from your druggist, price \$1; hospital size \$5. Lease Drug Co., Floding's and Bolger & French.

Irish Republicans Renew Agitations

Dublin, March 14.—Irish Republicans are taking advantage of the attempted mutiny in the Free State army to it make their case known.

The by-election in South Dublin today resulted in a victory for Michael O'Mara, Free State candidate.

In Scotland it is considered unlucky for a day to pass between the bride couple on their way to the church.

STOMACH BAL! EID INDIGESTION AT ONCE

"Pape's Diapiesin" Corrects Any Sour, Gassy, Upset Stomach.

As soon as you eat a tablet or two of "Pape's Diapiesin" your indigestion is gone! Heavy pain, heartburn, flatulence, gases, palpitation or any misery from a sour, acid stomach ends. Correct your stomach and digestion for a few cents. Each package guaranteed by druggist.

WHAT IS THE USE OF LIVING? What is the use of living when a woman gets up in the morning as tired as when she went to bed at night with headache, backache, dragging down pains, nervous, irritable and despondent? These are all symptoms of ailments peculiar to her sex which makes life a burden. Every woman in this condition should rely upon Lydia E. Pinkham's Vegetable Compound, a good old-fashioned remedy made from roots and herbs. It cures, and for fifty years has been restoring women to health and vigor and the joys of living.

100 INDICTMENTS VOTED IN PROBE OF HERRIN 'WAR'
Herrin, Ill., March 14. — One hundred indictments were returned today by a grand jury which has been investigating conditions in Herrin. The jury's report made recommendations to bring about conditions that would avoid recurrence of riots in Williamson county.

Fifty-five of the indictments are against S. Glenn Young, dry worker and paid leader of the Ku Klux Klan in recent liquor raids conducted in the county, which, it is said, led to the clash between Klan and anti-Klan factions.

Return of the indictments follow a nine-day session of the special grand jury investigating the killing of Constable Cessar Cagle and the shooting of Deputy Sheriff John Layman on the night of Feb. 8.

The indictments include a charge of murder in the killing of Cagle, shooting with intent to kill in the case of Deputy Sheriff Layman and various charges in connection with firing on the Herrin hospital.

The shooting followed a clash between members of the Ku Klux Klan and anti-Klansmen, which resulted in state troops being sent to aid in maintaining order.

MANY SENSATIONS

(Continued from first page.)
later, according to the startled Senators.

While the Japanese bribery aspect was the most startling of Means' charges, others, some of his other charges, were scarcely less sensational. In revelations concerning official life in Washington.

He asserted that he had acted as an investigator for President Warren G. Harding who "wanted some information" concerning Secretary of the Treasury Andrew W. Mellon in connection with "liquor withdrawals."

He asserted he had investigated Senator Robert M. LaFollette, Republican, of Wisconsin, at the direction of Smith, after LaFollette had introduced his original resolution calling for a senate investigation of Teapot Dome, and he calmly admitted he knew of LaFollette's mail being rifled, his office gone through and otherwise "investigated" him.

Finally Suspended.
He declared he also had at Smith's direction "investigated" Senator Caraway, Democrat, of Arkansas, one of the authors of the last year's impeachment proceedings against Daugherty.

He said he had "investigated" Senator Bruce, Democrat, of Maryland, on behalf of "some financial people." And, finally, he said, he had been suspended as an agent of the department of justice, because he became "too active" in investigating the oil situation and the Mexican situation.

Daugherty told him at the time of his suspension, Means said, that he was being suspended at the request of another cabinet officer. The inference was that it was Albert B. Fall. Means also testified that he had collected some thousands of dollars in connection with the exhibition of the Dempsey-Carpenter fight pictures and turned it over to Smith, and that he had collected around \$35,000 and \$40,000 "in liquor transactions" and also turned it over to Smith.

Barney Google And Spark Plug Delight
Barney Google and his horse Spark Plug, which delight readers of The News, came to life last night at the Grand theater when the musical comedy concerning the two characters was presented before a large house.

The antics of the racing steed and his owner, and of other comedians in the show, combined with a high stepping chorus and several good principals, made a first class entertainment.

SOCIETY

Helping Hand Class.

Mrs. Fletcher who was born in Ireland, told about the country and its customs, and also read a paper on "St. Patrick" and an Irish poem, at a St. Patrick's Day party given by the Helping Hand class of the M. E. church Thursday afternoon at the church. The program was in charge of Mrs. C. H. Hauger.

Marion Cope gave piano selections and games, "A Study in Green" and "A Pig in a Poke" were enjoyed.

The class voted to give \$10 to the Woman's Home Missionary society for work among the mountaineers.

The birthdays of Mrs. Reed, Mrs. Betz and Mrs. Fulton were announced. Appropriate refreshments were served by the hostesses Mrs. Fletcher, Mrs. Davidson, Mrs. Davis and Mrs. Ertzinger.

St. Patrick Dance

With the hall decorated in green and green carnations given as favors, 85 couples enjoyed the St. Patrick's dance given Thursday night at the K. of P. hall by Elmer Greenaway of the Greenwald Dancing academy, Alliance and East Palestine.

In two weeks there will be a "blow-out" dance with the Harmony Seven furnishing the music.

Miss Kelley Hostess.

Miss Mary Kelley entertained her bridge club associates Thursday evening at her home West Pershing ave. Their favorite game was a pastime, with Miss Elizabeth Grubbs making the high score. Miss Blanche Forney won consolation honors. The hostess served refreshments. In two weeks the members will be entertained by Mrs. S. C. Trol, Vine st.

Goodtimers Club

Mrs. Edward Duran was agreeably surprised Thursday evening at her home, Etna st., when about 40 members of the Goodtimers club paid her an unexpected visit to honor her birthday anniversary. She was the recipient of many beautiful gifts. A dainty lunch was served and the guests made merry at cards, music and dancing.

Ohio Club

Devoting the time to fancywork and visiting associates of the Ohio club enjoyed several hours together Thursday afternoon when they were guests of Mrs. William Jackson, Roosevelt ave. A lunch was a pleasing conclusion.

In two weeks the members will meet with Mrs. Carey Greenmyer, Damascus rd.

At Whiteoather Home

Music and cards featured the evening's entertainment when Mr. and Mrs. Ralph Whiteoather entertained a few of their friends at their home, West Pershing ave., Thursday evening. In the card games high score was won by Thomas Hagan while F. W. Seeds was awarded the consolation honors. A lunch was served by the hostess.

Class Party

A young girl's class of the First Presbyterian church taught by Miss Fred Tate had a party in the Sunday school room of the church Thursday evening. The losers in an attendance contest gave the party for the winners. A social time with games was enjoyed. A fine lunch was served and St. Patrick's day appointments were used.

Goodwill Club

Mrs. Ross Culbertson, hostess a meeting of Goodwill club was held Thursday afternoon at her home, East High and Rose sts. An informal social time with needlework and lunch was enjoyed. The second Thursday in April the members will be guests of Mrs. Richard Eaton, Coshen ave.

South Side Club

Associates of the South Side club were pleasantly entertained by Mrs. Miriam Yates Thursday afternoon at her home, near the Lisbon rd., with needlework a favorite diversion and lunch a pleasure. Mrs. J. W. Yates, Lisbon rd., has invited the members to be her guests in two weeks.

Elite Club

As guests of Mrs. Howard Hollaway associates of the Elite club met Thursday afternoon at her home, Washington st., and were interested in fancywork and enjoyed a lunch. At a meeting in two weeks Mrs. Carl McConner, Fair st. will entertain.

Leonard C. Hoopes, Franklin ave., who went to Buffalo Monday to enter the Pierce hospital for treatment, was reported to be getting along as along as well as could be expected.

Mrs. James Heavens spent Thursday afternoon here with her mother, Mrs. Frank Eaton of Franklin Square, who is recovering from an operation at the Central Clinic hospital.

J. B. Ferguson of Solonville spent Thursday with Jason Moore, McKinley ave.

High School Notes

Four senior speeches were given at assembly Friday morning at the Salem High school.

The first speaker, Ethel Flueckiger, used as her topic, "Progress" and Irene Frantz, second speaker, told about "Forest Reserve."

Edna French gave a brief review of the book "The Count of Monte Cristo" and George Frank's topic was "Precious Stones." He states that the three precious stones necessary in a good High school are interest, enthusiasm and loyalty.

Spring Vacation

The spring vacation in the Salem public schools begins March 29 and continues for a week, the schools reopening April 7. It was announced Friday.

High School Paper Out

The Quaker, published by the Salem high school, was out Friday. It is issued every two weeks.

FRESH PORK SHOULDERS 12-14 LB. FARMER'S CITY MARKET, 63h

RITCHIE ACCUSED

Continued from First page

Chief Thompson kept track of, to use at the right moment.

The cases involve not only the former dry officer and constable, and the two bootleggers, but a host of other men in Salem, and other towns. Evidence was collected from every source, and Chief Thompson believes he has "the goods" on them now.

Specifically the charges are that on Sept. 27, 1923, Rotz and Andrei, and others made a quantity of hooch. They went to Ritchie and offered him a bribe, said to have been \$100, which he accepted in return for the protection of his office.

No reference was made in the charges about Ritchie's activities as a dry officer, but he held the office of a card inspector at the time and was active in running down bootleggers, and bringing them to the court of Mayor Ferren in East Palestine.

On Aug. 27, 1923, a month previous to the other charge, it is charged by the chief that Andrei and Rotz made booze and that this was the third of.

On June 24, 1923, Rotz was fined by Mayor Post on a liquor charge, and on June 29, six days later, on another charge before Mayor Ferren at East Palestine. Both for manufacturing.

Today's Developments

Ritchie, it is claimed, aided in transporting the booze on Nov. 27, 1923, a month or so after it had been made. Just where he transported it to is not stated, but it is alleged he had it in his possession in Salem.

Rotz and Andrei are accused of transporting on different dates but the

Woman Escapes Maniac In Amazing Killing.

Mrs. J. E. Moore

Mrs. Jennie E. Moore, Chicago private detective, has told vivid details of her two weeks' stay in Louisville, Ky., as a virtual prisoner of Richard H. Heaton, who had employed her to shadow his wife, of whom he was extremely jealous. Heaton kidnapped his friend, William Gates, and was about to perform an operation on him when Gates killed him.

SAGINAW TIP MATCHES, SIX BOXES 35c. FARMER'S CITY MARKET, 63h

charge is the same in each case. Friday the developments were as follows:

Ritchie and Andrei were out on bond arranging for their defense in the hearings which will be set for some time next week, according to Mayor Schaefer.

Police are working on additional evidence in the case, and more witnesses may be secured.

Charges have been made by certain persons that Ritchie conspired to violate the federal liquor laws, and the federal agents have been notified of this. They will make an investigation, it is understood, as soon as they can get here.

INTERNAL REVENUE PROBE UNDER WAY

Investigation To Include Prohibition Enforcement Unit.

Washington, March 14. — Another big investigation was thrown into the congressional mill today.

Meeting behind closed doors, the special senate committee directed to investigate the charges of Sen. Cargill, Republican, of "irregularities" in the bureau of internal revenue, held its first session to map out the program and scope of its inquiry.

David H. Blair, commissioner of internal revenue and chiefs of the various units in the bureau, were called to place at the disposal of the investigators all the records of the bureau, including also the prohibition enforcement unit headed by Roy A. Haynes.

Sen. Watson, Republican, of Indiana, chairman, indicated that the scope of the inquiry would be as extensive and far reaching as those of the two rival investigating attractions—Teapot Dome and the Daugherty committee.

The entire question of prohibition enforcement, which has been assailed spasmodically both in the senate and the house, will be thoroughly investigated, Watson said.

OBITUARY

GRATEFUL PARENTS POUR
OUT THANKS TO TANLAC

Mrs. Mame Winter.
Mrs. Mame Winter 56, prominent resident of East Palestine, died at the Youngstown City hospital at 2:55 a. m. Friday. Embolism (clot in the arteries) was the cause of her death.
Mrs. Winter had gone to the hospital about nine days ago for an operation which had been successful. She seemed to be well when she returned on Thursday evening, but about 2 o'clock she called a nurse and told her she was not feeling well. A few minutes later she died.
Mrs. Winter was formerly Mame Chamberlain. She is survived by the following brothers and sisters: H. E. Chamberlain, a shoe merchant at Forth Chamberlain, of the Union Commercial bank, and Nancy Chamberlain, of the same bank. The funeral service will be held at the home at 2 p. m. Monday in charge of Rev. Douglas of the Presbyterian church of which church she was a member.

Grange To Discuss
Value Of Drainage
At Butler Meeting

Drainage, one of the most important parts of farming, will be discussed Saturday night at the Butler grange meeting.

Values of the draining and the size of the advisable for farms will be considered by two speakers, Frank Ward and Elmer Altenhof.

Program for the meeting follows:
Roll call, "My Most Valued Labor Saver," music, Mary Ward; "Is the farmer who is always complaining of hard times and hard work a detriment to his business?" Sisters; "What sort of support should the members of the grange give the leader?" Grange; recitation, Wayne Brown; "What Value to the Farmer Is The Draining?" Frank Ward; "Is It Profitable to Use Any Tile for Any Purpose of the Farm?" Elmer Altenhof; reading, Esther Mercer; "What should constitute the social activities of the farmer's wife?" Brothers; "The pleasure I get out of keeping house plants," Nina Watson, Stella Fehr and Bertha Ward; recitation, Betty Ernst.

SWEET FLORIDA ORANGES 20c DOZ. FARMER'S, CITY MARKET.

STOCKS

BUSINESS MORE ACTIVE.

New York, March 14.—The stock market opened generally steady today with business somewhat more active.

The value of Tanlac as a family medicine and tonic is again very forcefully demonstrated. This time in the home of Mr. and Mrs. Joseph E. Kaake, 2436 Kirby ave. West, Detroit, Mich., where father and mother and every member of the family have been benefited by the wholesome and helpful ingredients of the famous preparation.

Recently in speaking for her and children Mrs. Kaake said: "For more than a year our three little ones—John, age 6, Elwyn, 4, and Margaret 2—had been so peaked and listless that we were seriously worried about them. Their stomachs were upset, appetites poor, the color had left their cheeks, their nights were restless, and during the day they would just mope around, taking no interest in play or anything else."

"They began to eat and sleep better almost from the first dose of Tanlac, and have picked up now until you couldn't find three healthier or more active children in all Detroit. They eat ravenously, the color of health has returned to their cheeks and they just want to be on the go all the time. I have also taken Tanlac to build me up, and it never seems to fail."

"As to my personal experience with Tanlac," said Mr. Kaake, "I simply can't express in words the great help it gave me. About a year ago I was a

victim of boils, actually having fifty-one on me and was so played out that I couldn't do a bit of work for weeks. My suffering was almost unbearable. I cared little for food, suffered severe headaches and stomach pains and got so weak and nervous that I felt discouraged. "Tanlac corrected my stomach disorders, woke up my appetite, cleansed my blood and toned up my system so that the boils went away and nothing of the kind has bothered me since. I have gained 28 pounds and I eat, sleep and feel like a brand new man. We have given Tanlac a fair trial and found it wonderful and if anyone doubts our statement they can write personally. We wouldn't think of being without Tanlac."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

Take Tanlac Vegetable Pills.

Hoover Declares Ag.
Service Is Success

Washington, March 14.—Operations of the \$10,000,000 agricultural service corporation, organized under the auspices of the government, to alleviate strained economic conditions in the Northwest, have been a great success, Secretary of Commerce Hoover declared today.

Conditions in the agricultural districts were described as improving rapidly, more as the result of the restoration of confidence than of actual cash placed in that section by the service corporation.

The advent of the spring planting season brings assurances of nearly normal conditions in the Northwest, according to reports to the United States treasury.

Masonic Council Is
Inspected By Rein

Harvey M. Rein of Youngstown inspected Omega council No. 44, R. & S. M. Thursday night following the serving of a fine dinner by the Eastern Stars. After the inspection several Masons spoke. James G. Eardley, thrice illustrious master, was in charge.

Jeff Davis' Tribute to President Grant

From the new ten-volume edition of the letters and papers of Jefferson Davis, lately issued by the Mississippi department of archives and history, the Review of Reviews reprints the following letter written in 1865:

"Dear Sir: Your request on behalf of a Boston Journalist for me to prepare a criticism of General Grant's military career cannot be complied with for the following reasons:

"1. General Grant is dying.
"2. Though he invaded our country ruthlessly, it was with open hand, and, as far as I know, he abetted neither arson nor pillage, and has, since the war, I believe, shown no malignity to Confederates, either of the military or civil service.

"Therefore, instead of seeking to disturb the quiet of his closing hours, I would, if it were in my power, contribute to the peace of his mind and the comfort of his body.

"JEFFERSON DAVIS."
We do not know the identity of the "Boston Journalist," says the Boston Herald. The request for the criticism represented no doubt the enterprise of an ingenious and enterprising newspaper publisher. But of the quality of this letter, written by the former president of the Confederacy four years before his death, there can be no doubt. Reading it today stirs agreeable emotions.

First U. S. Currency Easily Counterfeited

So easily counterfeited were the first lots of paper money issued by the United States government in the sixties that spurious bills flooded the country, and countless astute business men were victimized. Finally, to balk the criminals, a book called "Heath's Infallible Government Counterfeit Detector at Sight" was published in 1870.

In those old days money was printed on ordinary paper, which counterfeiters could easily obtain or imitate and, consequently, such a book as "Heath's Detector," which concentrated on the designs on the bills, was needed. Now, however, a special brand of paper with special water marks, whorls and embedded tiny silk threads, is used. This paper cannot be imitated by the counterfeiter and such a book as the "Detector" is not now needed.

The book, published by Laban Heath & Co. of Boston and Washington, claimed to be "the only infallible method" of detecting counterfeit notes and bonds with "genuine designs (which were outlaid) from original government plates by authority from the United States Treasury department and the American National and Continental Bank Note companies, New York and Boston."—Detroit News.

One Kind Act

Little Willie was so depressed one night at bedtime that his father asked him what the trouble was. Willie answered sadly that he had failed to perform a single kind action that day, thus going counter to the boy scout ritual.

"Well, cheer up," said his father. "You can perform two kind actions tomorrow."

But Willie doubted if he could make up for his fault in that way, and he turned in very low-spirited indeed. In the morning, however, he was himself again.

"Got over your troubles, eh?" said his father.
"Yes, sir," said little Willie. "I lay tossing and worrying till 2 o'clock, and then I couldn't stand it no longer, so I sneaked downstairs and gave the canary to the cat."

A Vivacious Engine

An engineer was giving evidence in a case in which a farmer was suing a railway company for damages resulting from the death of a cow which had been run into by a train.

The farmer's lawyer was heckling the engineer, and kept reverting to his pet question, which was:

"Now, tell me, was the cow on the track?"

At last the engineer became angry, and answered the question:

"Well, if you want me to tell the real truth, the cow was bathing in the stream the other side of the track. But the engine saw her, leaped off the rails, dashed over the bank and, landing right on top of the cow, strangled her to death without a word."—Milwaukee Journal.

His Lesson Went Wrong

The teacher was trying to impress on the children how important had been the discovery of the law of gravitation.

"Sir Isaac Newton was sitting on the ground looking at the tree. An apple fell on his head, and from that he discovered gravitation. Just think, children," she added, "isn't that wonderful?"

The inevitable small boy replied: "Yes, mbs, an' if he had been sittin' in school lookin' at his books he wouldn't never have discovered nothin'."

Wasted Effort

Baby was going on at a great rate, and the father of the family finally demanded to know what the youngster was crying about.

"He wants his own way," responded the child's mother.

"Eh?"
"And he can't have it."
"Yes, he might as well get that idea out of his head at the start," said the old man, grimly.

THE GUMPS—RIGHT IS RIGHT

BARNEY GOOGLE

BY DeBECK

163 BODIES ARE TAKEN FROM MINE

Castle Gate, Utah, March 14.—Only a few more hours and the word final will be written in the final chapter of the tragic mine disaster which snuffed out the lives of 175 men Saturday in three terrific blasts of poisonous gases in mine No. 2 of the Utah Fuel Co.

Death, which stalked over this camp early Saturday morning, played no favorites. Hardly a family escaped the sharp edges of the deadly scythe when he sealed all avenues of escape in the long dark tunnels, striking right and left until the last man had been cut down.

Every part of the mine has been explored by the rescue crews and 163 bodies have been recovered.

It is believed that a more minute search will reveal the remaining 12 sometime today.

There were 3,000,000 automobiles manufactured in the United States during 1923.

Spanish-French Army To Clean Up Rebels

Paris, March 14.—Negotiations are proceeding between Paris and Madrid for the formation of a combined Spanish-French army to clean up the rebellious tribesmen in Spanish-Morocco, according to advices to the Paris edition of the London Daily Mail from Madrid today.

There are 38 lakes in this country of more than 100 square miles each.

BRINGING UP FATHER

Congressman Welty Will Have Re-hearing

Toledo, March 14.—Hearing in the case of former Congressman Benjamin F. Welty, of Lima, on charges of using an excessive fee for obtaining compensation for a soldier suffering from the effects of war injuries, will be held before the United States circuit court of appeals at Cincinnati April 7. Assistant District Attorney Reed has been notified.

Reed handled the prosecution of the case in district court here. He was sentenced to serve a year in the Dayton workhouse by Federal Judge Jones following his conviction by a jury.

New Healing Clay
Better Than Salve
For Cuts and Burns

Especially Where There Are Children Around

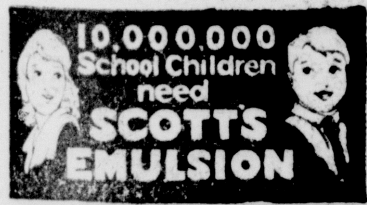

Imagine it! Healing a cut, scratch, rash, or sore without stinging, stinging or burning, using no messy bothersome bandage, or having it bleed and bleed. Thousands of mothers are doing this very thing every day and avoiding a lot of nuisance and worry from children who have been hurt in one of a hundred ways.

Simply apply Ispok's Healing Clay to the sore spot. Cover it well. It does not hurt a bit, but feels cooling and soothing and immediately draws out the inflammation. Because it is antiseptic it prevents infection and being porous it gets to the sore and it heals twice as fast as with ordinary greasy salves and bandages.

Ispok's Healing Clay is a pure white natural healer—a remedy which is like the standbys in European families for generations. Recommended specialists for all mothers and general household use by all good druggists who will refund money if you are not satisfied. Great leader of all for burns says one mother.

Franklin's Chair Travels

Benjamin Franklin's library chair—possibly the one in which he sat and pondered before he conducted his famous kite and key experiment by which he demonstrated that lightning was a manifestation of electricity—made its first journey in years recently. It was loaded into an electric truck and was brought down from the library building of Columbia university, New York city, to the Hotel Astor. Here, it was used by the toastmaster at the annual dinner of the International Benjamin Franklin Society, and after the dinner, while New York was beginning to consider going to bed, the same electric truck carried the chair safely back to Columbia, where a waiting watchman returned the chair to its accustomed place in the meeting room of the board of trustees.

CITY BRIEFS

City Hospital Notes

Mrs. E. W. Davies of North Benning had her appendix removed Thursday evening at the Salem City hospital.

Mrs. Charles Shaffer, West Pershing ave., underwent an operation for appendicitis Thursday evening at the hospital.

James Herron of Leetonia, suffering from a felon on a finger on the right hand, had it operated on.

Mrs. Charles West, East Eighth st., underwent an operation Friday morning at the hospital.

Mrs. Lina Welsh, of Lisbon, had her tonsils removed Friday morning.

Roof Is Damaged

Falling sparks from a chimney caused considerable damage to the roof of the J. R. Townsend home, 135 Garfield ave., Thursday afternoon, the blaze being extinguished by the fire department.

Passersby noticed the flames and told Miss Mary Townsend who was in the house at the time, and she called the department. A hole was burned through the roof.

Agoga Class

The Agoga class of the First Baptist church, which consists of young men, has formed a Bible class and at the business meeting at the church Thursday evening it was reported that great interest is being taken in it. This class is open to all young men wishing to attend. There will be another meeting in one month.

Miss Miller Honored

Miss Catherine Miller, daughter of Mr. and Mrs. R. F. Miller, Lincoln ave., a graduate of Salem high school and a senior at Radcliffe, the women's college of Harvard university, has been honored by election to membership in the Phi Beta Kappa society an honorary fraternity. She was one of five elected this year.

Guests Of Rev. Rutzky

Rev. H. A. Brandt of Washingtonville and Rev. A. K. Berger of Hamilton were guests Friday of Rev. B. E. Rutzky, Vine st.

Rev. Mr. Berger will speak at 7:30 p. m. Friday at the English Lutheran service at Emanuel Lutheran church.

Recent Births.

A son was born Wednesday to Mr. and Mrs. P. L. Leary, of West High st. He has been named Elliott Wakefield Leary.

A son was born to Mr. and Mrs. Thirl Eckstein, Brooklyn ave., at the Salem City hospital, Thursday afternoon. He has been named Everett Gail.

Attend Sebring Dance

Finley's Melody Band played for a dance Thursday evening given by the Sebring Country club at Sebring. A large number of people from Salem attended. In two weeks there will be another dance given with the same orchestra furnishing the music.

ST. PATRICK DAY MAY DELAY NEW BONUS MEASURE

Washington, March 14.--Celebration of St. Patrick's Day on next Monday may delay the new soldier bonus bill in the House, it was reported today.

Chairman Green, of the ways and means committee, had planned to throw the bill into the house on Monday and to put it "through with a whoop," but the passage may have to be delayed until Tuesday.

The reason is that many congressmen of Irish extraction have engagements to deliver orations or attend celebrations and banquets in honor of Ireland's patron saint. They are generally in favor of the bonus, and have appealed to Green to let the bill go over for a day.

League Will Study Slavery Question

Geneva, March 14.--The League of Nations council today decided to appoint an international commission to study the question of slavery in colonial countries.

It is alleged that the slave system is maintained in colonies held by some of the powers that are members of the League.

Three Enlist Here, Join 11th Infantry

Edward Bailey, John Herman and Andrew Taylor, who enlisted with the United States army Thursday, were assigned to the 11th infantry and left that day for Ft. Benjamin Harrison, Ind.

Corporal Robert John is in charge of the recruiting office, which is located in the postoffice building.

MACCABEES NOTICE

All members are requested to be present at the meeting Monday night, March 17. Business of importance to every member to be acted upon.

DRENNEN EXPLAINS PRACTICAL STORY TELLING TO SCOUTS

Next Session of Leaders Training Course Will Be Outdoors.

Instruction in practical story telling was given by L. T. Drennan, public speaking instructor at the Salem High school, at a session of the Scout leaders training course held under the auspices of the Northern Ohio Council, Thursday evening at the Chamber of Commerce rooms, with Scout Executive L. R. Chamberlain in charge.

Speaking of the value of stories, Mr. Drennan quoted Richard G. Moulton as saying "stories are the oldest form of transmitted culture and the most formative," and gave these quotations from Nora Archibald Smith and G. Stanley Hall, respectively:

"The household story was the earliest ethical study in the educational curriculum of the race."

"Let me tell the stories and I care not who writes the text books."

Mr. Drennan continued: "What is a story? It is not description, which deals chiefly with things and seeks to give definitiveness or impression by adding details to details. It is not exposition, which explains or merely to make clear or explain, nor is it exactly history, because history deals with sense or reality."

A story then may be said to be a narrative of true or imaginary events which form a vital related whole so presented as to make its appeal chiefly to the emotions rather than to the intellect."

The speaker gave this analysis of a story:

"It must have a good start and must introduce character and the leading persons; must be short and the succession of events must be orderly. It must follow step by step and prepare for the climax. It must not leave out some point so you have to say 'Oh I forgot to tell you!' The interest focuses upon the climax."

"If a moral lesson here is to be enforced, failure in the climax means failure in the story. Something of a surprise in the climax is best. The story must have a good stopping place and then stop. Use idealistic stories whenever possible, stories of knights, people seeking justice, Christianity, altruism, and incidents. Don't moralize."

"If the story has a lesson, let it teach itself. Use direct tricks in story-telling. Use direct rather than indirect discourse. The use of rhythmic repetition of certain significant words or phrases, dialogue in verse."

"Learning how to tell a story. Determine the purpose for which the story is to be used. Become thoroughly familiar with it. Give a careful analysis. Write the outline first and then tell the story from the outline. Use touches of description. Practice telling it."

The session on March 20 will be an outdoor meeting with a glacier hike for the study of the extensive glacier deposits east of Salem, in charge of W. H. Matthews.

ATTY. W. H. SPENCE OF LISBON WILL REPRESENT MRS. EDNA DAVIS IN HER PETITION FOR SEPARATION FROM HER HUSBAND JAMES DAVIS.

Atty. G. J. Clark is the attorney of record for the plaintiff in the divorce action of Homer E. Gregory against his wife Elsie Gregory, and also for Mary Caplinger in her action against her husband Charles E. Caplinger.

Delphia E. Housh, who is suing her husband Albert Housh for divorce, will be represented by Atty. James O'Grady of Wellsville, and in the action of Mattie Burhl against her husband Hammond Burhl, the plaintiff, Atty. William S. Foulks is the counsel of record.

In practically all of these divorce actions, the petition is based on either the grounds of wilful absence, gross neglect of duty or extreme cruelty, and in some instances, the two latter causes have been combined as causes of action.

Demo Files Statement.
In order to clarify confusion created by himself, his former wife and others, Thomas De Meo, a grocer at 94 Broadway, Salem, has had filed for record a statement in order to clear the abstract title of Swaney & Gardner. De Meo says his Italian and right name is Bernardino De Meo, and that it is frequently written De-meo.

He also has filed the statement for record that he has frequently gone under the name of Thomas, and for many years, and that he married a widow, Domencia Marino, whose husband was killed in the Italian Army, and that she had two children, a boy and a girl, and that the daughter is now residing in Youngstown.

As the first name of his wife is hard to "Americanize," she went under the name of Mary.

Real Estate Transfers.
The following real estate transfers have been recorded:

Harry Altman et ux to Anna Geras parts of lots 1560 and 1561, Elm st. East Liverpool, \$5,700.

Nancy Jane Patton, widow, to James McCullough, et ux, lot 922 in G. C. Morton's addition to East Liverpool, \$7,000.

Elizabeth Scott, et al, to GMP Carr, lot No. 23 in Brook's addition to Salem, \$1.

Eliza A. Morlan to C. Countriss, land in section No. 24, Fairfield township, \$150.

Nannie K. Holdren to Annie E. Donkey, \$6.60 acres in section eight, Wayne township, \$10.

An agreement has been recorded between Harry S. Warner et ux of Salem, and the Arrow Gasoline Co. of Wooster, for the sale of property on the Salem-Lisbon rd. near the Ft. Wayne crossing, Salem, at \$2,200.

Jolo Zoa Tuel, et ux, has agreed to sell to Mike Martler 118 acres on the Benton rd, Salem for \$3,200.

Recently Sheriff Gomer Lewis and Field Deputy George Wright sold 21 pieces of real estate in this county for non-payment of taxes and now the people who purchased these different parcels are clamoring for their deeds.

Wednesday application was made to Common Pleas Judge James C. Moore for an order of confirmation of these sales, and when such an order has been entered, then the sheriff's deeds will be made out by Deputy Frank Ballantyne for the purchasers.

In practically every instance, all properties sold under this original order did not bring enough money to pay the back taxes due.

Police Use Telephone To Obtain Evidence

Cleveland, March 14.—Evidence obtained by listening on telephone conversations with a cigar store will be produced by police when the case of Julius Haberman, charged with selling race pools comes up in municipal court. Haberman, alleged owner of the cigar store, was arrested late yesterday.

The original petition in this action was filed April 18, 1922, and later H. E. Gleckner was appointed receiver. The final report of the receiver was filed with the court Thursday, and the corporation was then ordered dissolved.

The case of Harry Roller and James Babington, et al, against J. H. Hinchliffe, has been dismissed by consent of all parties concerned.

Judgment by default has been taken by W. F. Moore, of East Liverpool, against the Liverpool Coal Co. for \$159.85, with interest at 6 per cent from date of entry, for work and labor performed. The plaintiff was represented by Attorney Charles C. Connel and the defense by Cochran & Crawford. In the justice of the peace court in East Liverpool, Moore obtained a judgment and then the company took an appeal. No defense was entered when the case came up in court Thursday and then judgment was entered.

At the costs of the plaintiff, the case of the Keystone Driller Co. against Lawrence I. Cook was dismissed by the court.

On motion of the plaintiff, the action of H. R. Beagle, et al, against Meyer Pazer, et al, an injunction proceeding, the case was dismissed from the record, on motion of the plaintiff at their costs.

Divorce Cases.
Only one of the nine divorce cases to be heard before Judge James G. Moore in common pleas court Friday was contested, and that is the action of Louise Herbert against her husband, James L. Herbert of Salem. The plaintiff is represented by Atty. L. B. Harris and the defendant by Metzger & McCarthy.

The latter firm will also represent Mary E. Kopp in her application for divorce from her husband, Frederick W. Kopp.

It has not been indicated that the action of Sadie Donahue of Wellsville against her husband, John Donahue, will be contested. The plaintiff in this action will be represented by Lohse, Hill & Davidson.

Atty. Ben L. Bennett will represent against Jessie C. Falconer in her case against Stewart Falconer, and

3 ROAD PROJECTS UNDER WAY; BIDS FOR TWO OTHERS

Three road projects will soon be under active way in this county, and preliminary work on two of these jobs has been started.

The Kane Contracting Co. of Youngstown, this week began the construction of that section of highway from Main street and the Pennsylvania railroad crossing in Salineville which will connect with the new concrete road partially built last fall on the old roadbed of the Garside siding in Washington township, and which is a part of the Wellsville-Salineville inter-county highway.

Freshwater Bros., who have the contract for the Garside section of this improvement, have over half of the concrete poured, and about two months will be required to complete this job. Work on this contract will be resumed within the next few weeks.

Tatgenhorst & McLaughlin of East Liverpool are now at work on Inter-county Highway No. 7, between East Liverpool and Brady's Bend on the East Liverpool-Wellsville road, and it will not be long until surfacing of this highway will begin. Traffic will then have to follow a detour by way of the Oak Grove Campground road.

Bids will be opened by the State Highway Department at Columbus Friday for the widening and resurfacing of two Columbiana county roads. County Surveyor Lloyd C. Kirk was advised Thursday.

The bids will be for the improvement of the East Liverpool-Youngstown road in Liverpool township from the north city limits of East Liverpool to the St. Clair-Liverpool township line, or a part of the Calcutta road, and also that section of the Lincoln Highway south from Stop 55 on the Y. & O. railroad to the St. Clair-Liverpool township line.

Cincinnati—L. S. Swaney, Canton, was elected president of the Ohio Baker's association at the closing session of the organization this week.

FOR BURNING ECZEMA

Apply Zemo, the Antiseptic Liquid—Easy to Use

From any druggist for 35c, or \$1.00 for large size, get a bottle of Zemo. BUS LICENSE LAW WILL ADD MILLION

Columbus, March 14.—Members of the state utilities commission estimated today that approximately \$1,000,000 will be put into the state coffers by the McCollister-Freeman law, governing bus and motor truck operations.

Since January 1, \$117,273 has been obtained by the issuance of 442 bus licenses. There are 1089 applications on file for bus and truck certificates and 338 additional applications for new operations, and the commission is endeavoring to grant the permission to the applicants, it was stated.

Work of the commission has been to such an extent as a result of the McCollister-Freeman act that the three members have been compelled to hear cases individually.

Lack of finances with which to make proper investigations and to enforce the law adequately are blamed by the commission members for laxity in some instances. They declare the commission is seriously handicapped because it has not enough money for these operating expenses.

Germany has more motion-picture theaters than any other country of Europe.

Strengthen Guard To Halt Liquor Runners

Washington, March 14.—Immediate strengthening of the United States coast guard by the addition of 200 officers and 2,000 men to cope with salt.

Takes pills for years—finds first permanent relief in Kellogg's Bran

Have you found permanent relief from that terrible disease—constipation? The woman whose letter follows discovered—as thousands have discovered—that Kellogg's Bran succeeds when all else fails. This is because Kellogg's Bran is ALL bran. Nothing but ALL bran can be so effective. This is what she wrote:

"Gentlemen: I am so wonderfully happy over my discovery, I feel I must tell the world about it. For years I have been ill continually from constipation, always resorting to pills or the like, never having any permanent relief until I heard of your Krumbled Bran."

Every morning I take two tablespoons before my breakfast—and since the latter part of August I must admit have not experienced one sick spell which I have had for years. I have started my little girl

liquor running along the coast lines was ordered by the House in passing a bill appropriating \$334,000 for their pay.

In a ton of water from the Atlantic coast there are thirty-one pounds of tigers and 2,000 men to cope with salt.

of four years on your Bran, and already I have noticed a change in me. I thank you."

Name and address furnished on request. Write the Kellogg Co., Battle Creek, Mich.

If eaten regularly, Kellogg's Bran, cooked and krumbled, is guaranteed to relieve permanently the most chronic cases of constipation. Eat at least two tablespoons daily—in chronic cases, with every meal. Money returned if not effective.

Notice the wonderful nut-like flavor. This flavor is delicious—so different from ordinary, unpalatable bran.

Kellogg's Bran, cooked and krumbled, made in Battle Creek, is served by America's leading hotels and clubs. Demand Kellogg's Bran. It will bring back your health. Start eating it today. Sold by all grocers.

TWO TO-NIGHT for loss of appetite, bad breath, coated tongue, biliousness, Without griping or nausea. CHAMBERLAIN'S TABLETS Set your liver right—only 25c

Try Our Mackerel—Three Sizes to Choose From

"What it Costs to Run Our Business"

Monopoly That Benefits The Multitude

Every town needs good public utilities, but one set of them is sufficient. Competition doesn't always lower prices and it does cause complications.

Suppose we have two sets of electric power lines running through this community—double poles or cables all along the line. Suppose a man had to pay for double wiring in his house in order to get light and electricity for cooking.

Suppose the streets were torn up with twin sets of gas mains and two street car companies were trying to operate on the same thoroughfare.

It's an economic loss to have competitive public utilities. Neither company can render 100% service and both will lose money.

Let the city fathers run the city and those who have made it their life-long business continue to operate the public utilities.

MEN AND WOMEN FIGURE IN DAY'S NEWS

Above: JACK HENDRICKS, MRS. JAKE HAMON & GIFFORD PINCHOT
Below: WILLIAM A. BRADY, JOHN EMERSON & HUGO STINNES.

SPECIALIST BLAMES MOTHER
IF BABY EATS PINS

Philadelphia, March 14.—The carpet tack which threatened the life of little Cletus Moore, eight months old, of St. Louis, whose case recently attracted wide attention, today is specimen No. 1,265 in the foreign body collection of the Jefferson Hospital Broncho-Scopic Clinic, of which Dr. Chevalier Jackson, noted specialist, is the head. It is more mute evidence of Dr. Jackson's skillful genius in removing foreign bodies from human anatomy.

The collection consists of many cases, one containing tacks, nails and pins; another, bones and pieces of food, and still others containing an endless array of buttons, cuff links, safety pins and small toys. All the specimens were salvaged by Dr. Jackson and his two clinical associates—Dr. Charles Clef and Dr. Gabriel Tucker—and Dr. Jackson says he has "enough unmounted exhibits of the carelessness of mothers" to fill a half dozen more cases.

"Safety pins," he said, "have killed more babies than firearms, and he called attention to five rusty pins taken from the lung of a year-old infant. An elder brother had fed the pins to the baby."

"Children come into the world with their minds blank," Dr. Jackson, a strong advocate of the "ounce of prevention" theory, declared. "They must learn what things are hard and soft, rough or smooth, hot or cold, sweet or sour, edible or inedible, and their chief way of acquiring this knowledge is to put into their mouths everything in reach."

"There are only three things they can do—swallow the things whole; spit them out, or aspirate them into the lungs."

BRITISH MINERS
TO VOTE SUNDAY
ON COAL STRIKE

London, March 14.—A British coal strike today as a result of the decision by miners' delegates that they could not accept the compromise wage terms presented by the colliery owners.

The miners will vote Sunday upon a strike.

Ten thousand railway freight handlers struck today because of a wage dispute. Shippers are appealing to the government for intervention.

DRINK WATER FREELY
IF KIDNEYS BOOTHER

Flush your kidneys by drinking a quart of water each day also take salts occasionally, says a noted authority, who tells us that too much rich food forms acids which almost paralyze the kidneys in their efforts to expel it from the blood. They become sluggish and weaken then you suffer from a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To help neutralize these irritating acids; to help cleanse the kidneys and flush off the body's urinous waste, get four ounces of Jad Salts from any pharmacy here. Take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for years to help flush and stimulate sluggish kidneys; as it neutralizes the acids in the system so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive; cannot injure and makes a delightful effervescent lithia-water drink. By all means have your physician examine your kidneys at least twice a year.

ness that comes from lack of knowledge."

While the majority of foreign-body cases involve infant patients, the clinic has treated many elders. A rusty safety pin, for instance, holds the time record in the clinic's collection. The pin lay 37 years inside a man before it was found by X-Ray and removed by Dr. Jackson's invention—the bronchoscope.

There is also a rusty shawl-pin, which was removed from the oesophagus of a Southern woman after 26 years, during which she had been an invalid and was believed to be suffering with tuberculosis.

The bronchoscope was perfected by the noted specialist after years of work in Pittsburgh and in this city. It is a lengthy instrument, with a small electric light and a pincers at the end. Once the foreign body is located by X-Ray the bronchoscope is inserted, and while a tiny bulb furnishes light the pincers, also operated from without, grasp the foreign body, and it is removed with the withdrawal of the bronchoscope. Operations are performed without the use of anaesthetic and generally take but several minutes. Cletus' tack, for example, was removed in four and one-half minutes.

Hugo Stinnes, Germany's greatest industrialist and richest man, a seriously ill at his villa near Berlin.

Mrs. Jake Hamon, who killed her millionaire husband, Jake Hamon, Oklahoma oil magnate, and was acquitted, will probably be called by the senate investigating committee to ascertain what she knows concerning the report that oil interests offered to nominate Leonard Wood for the presidency in 1920 if he would promise to make Hamon his secretary of state.

William A. Brady noted New York theatrical man heads the Producing Managers' association, which has locked horns with the Actors' Equity association. The latter body, headed by John Emerson, has demanded a "closed shop" by June 1, declaring a strike will occur then if their demand is not met.

Friends of Governor Gifford Pinchot of Pennsylvania declare his hat is definitely in the ring for the Republican nomination for the presidency in the Cleveland convention.

Jack Hendricks, one-time manager of the St. Louis Cardinals and winner of many pennants in minor leagues, has been appointed manager of the Cincinnati Reds, following the death of Pat Moran.

COLUMBIANA MAY CLOSE SCHOOLS

Short Term Due To Lack Of Funds; School Board Clerk Resigns.

Columbiana, March 14.—The board of education held an important meeting Tuesday evening. C. E. Beard, for a number of years, clerk of the board resigned. The board has not appointed a successor.

At the same meeting the question of funds for running the school was discussed. Eight months of school will be the aim of the board but the school may close before that time. May 16 is the probable date of closing the school.

The chicken dinner given by the Rebekah lodge at lodge rooms Wednesday evening was well patronized. George Bear is confined to his home on Union st. on account of sickness.

Mr. and Mrs. F. D. Dodge and family were the guests of Jefferson Detroit and family in North Lima Sunday.

H. M. Carpenter of Steubenville, state senator, was calling on Henry Staley, Wednesday.

L. E. Harmon has returned to his place of business after being sick at his home for several days.

Miss Jean Calvia has purchased the Garrett property on Main st. where she has been located with a millinery store for the last six years.

Wayne Hoover is about again after being sick at his home on North Main st. for two weeks.

A. Barley of Dayton, was calling on old friends and looking after business interests Wednesday.

Paul Heck and family of North Lima, was in Columbiana Wednesday calling on friends.

Grace Early was in Sebring Friday calling on friends.

Sunday Sermon Topics
Rev. F. E. Weist of Grace Reformed church will preach Sunday from the following themes: "The Unseen Hand" and "The Difficulty of Unbelief." Rev. C. S. McGrath will continue a series of sermons at the Presbyterian church on the 12th chapter of Romans, and at the evening service "Why's of Genesis," the special topic being "Why the Tower of Babel Fell."

Mrs. Dick Fitzpatrick and son William James, came to their home from Salem hospital Wednesday.

Mrs. E. S. Coblenz entertained the Harmony club at her home Wednesday and was hostess to a dinner party at the I. O. O. F. hall where the Rebekah lodge served a chicken dinner.

A number of representatives of the Kiwanis club of East Palestine, were in Columbiana Wednesday trying to interest business men in organizing a club in Columbiana. A future meeting is to be held to learn if a club can be organized.

PATMOS

The Old Maids Convention presented at the schoolhouse Friday night of last week was a success, the door proceeds being \$18.

Wednesday night of this week the play was given at the Goshen grange hall with a full house the door proceeds being \$24.45.

Mrs. Will King went to Ashtabula last week to see her mother, Mrs. Leonard, who has been seriously ill. She returned home Sunday evening leaving her mother greatly improved.

Mrs. B. J. Greenamyer who has been quite sick with pleurisy, is some better.

Mr. and Mrs. Will Bowman are the parents of a daughter born March 2.

Henry Kale who underwent an operation at the Central Clinic hospital, Salem, is home and greatly improved.

Frank and Wilbur Baird of Salem spent Sunday with their parents, Mr. and Mrs. D. D. Baird.

Cap. Opp who had the ligaments torn loose in one foot is able to be out again.

Mrs. Jake Warren and Mrs. John Conrad, spent Thursday afternoon with Mrs. Eliza Bradshaw of the Goshen rd.

Mrs. Fowler and son John, spent Sunday in Alliance with Mrs. Fowler's mother.

David Rogal's of Canfield, called on Mr. and Mrs. Will Bauman.

ASPIRIN

Beware of Imitations!

Unless you see the "Bayer Cross" on package or on tablets you are not getting the genuine Bayer Aspirin. Proven safe by millions and prescribed by physicians over twenty-three years for

Colds Headache
Toothache Lumbago
Neuritis Rheumatism
Neuralgia Pain, Pain

Accept "Bayer Tablets of Aspirin" only. Each unbroken package contains proven directions. Handy boxes of twelve tablets cost few cents. Druggists also sell bottles of 24 and 100. Aspirin is the trade mark of Bayer Manufacture of Monoacetic-acidester of Salicylicacid.

NAME CANTON MAN MERCHANTS' HEAD

Columbus, March 14.—Charles Zollinger, Canton, today is president of the Ohio Retail Dry Goods association and Warwick Anderson, Portsmouth, vice president, as a result of the election of officers at the closing session here last night of the three-day convention. John Yeager, Akron, was chosen a member of the board of directors.

The Dry Goods men pledged support to the Bureau of Business Research at Ohio State university and Ohio Council of Retail Merchants. They advocated legislation designed to eliminate "fly-by-night" merchants and opposed the Merritt and Kelly bills, in congress, which would allow manufacturers to fix retail selling prices. Marketing surveys and window displays were discussed at the convention.

NEW WATERFORD

The Missionary society of the Presbyterian church met on Wednesday night of last week with Mrs. J. F. Johnston.

The Presbyterian Ladies Aid held an all-day quilting at Mrs. Will Filler's last Thursday. The Methodist Ladies Aid met Thursday this week with Mrs. Mae Carnes, Associate hostesses were Mrs. C. B. Williams and Mrs. Allie Esterly.

Mrs. Nesbit was in Madison, Ohio, last week visiting relatives.

The George Miller property on Church st. has been sold to Mr. Warner, who moved there a few weeks ago.

The Gatti and Ed. Cope families are quarantined with scarlet fever.

The Westminster Circle will meet next Tuesday night with Strong boys.

Mrs. Eliza Mankin spent several days last week with her daughter, Mrs. George Welsh of East Palestine.

Mrs. S. P. Johnson returned Thursday of last week from Akron, where she visited her son for a few weeks. Will Webb of New Brighton attended the Robert Gilmore sale on Tuesday and visited at C. W. Hall's.

The Ladies Aid of the Lutheran church met for an all-day quilting at the home of Mrs. Jacob Koch on Thursday.

James Bowker, Jr., is staying with his grandmother, Mrs. Thomas Bowker, Sr.

The Misses Mary and Viola Wilhelm attended the Teachers' institute at Lisbon on Saturday and spent the week end with their friend, Miss Mary Richey of Hanoverton.

Mrs. Charles Streit visited her sister in Akron for several days last week.

On Tuesday, Mrs. Emanuel Harhold entertained a few of her relatives and friends at an old-fashioned quilting bee with a bountiful chicken dinner and supper. The guests were Mrs. Charles Souders, Mrs. Carl Souders, Mrs. Charles Oberhaus and Mrs. Mary Geiger of Columbiana; Mrs. Charles Lemley of East Palestine; Mrs. Ed. Strohecker, Mrs. J. H. Koch, Sr., Mrs. Will Zimmerman, Mrs. Mary Rupert, Miss Samantha Koch and Miss Helen Koch.

The New Waterford teachers all attended the Teachers' Institute at Lisbon, Saturday.

Miss Margaret Taggart of East Palestine entertained about 15 of the High school students together with their teachers, Miss Helen Patterson and Mr. Garrod, at her home Tuesday night. Games and refreshments furnished amusement and the students who were unable to accept the invitation missed a good time.

Miss Dorothy Bell and Miss Ethel Rich attended Teachers' Institute at Lisbon and spent the week end with Mrs. Sara Martin. They also attended the reunion of the Normal school alumni which was held in the Lincoln schoolhouse and was a very enjoyable occasion being attended by all the Normal school graduates. It is to be a yearly affair. Miss Mary Zimmerman attended this reunion.

Mrs. Wilfred Scott spent Monday afternoon with her sister, Mrs. Lloyd Falter of East Palestine, in honor of their brother, Raymond Hayes who was home on furlough. He is in the navy and left Monday night for New York city.

Farm Bureau Meeting.
A meeting of the Unity township Farm Bureau was held at Unity Grange Hall on Tuesday night. L. M. Kyes, as chairman of the legislative committee, was in charge of the program; the Kiwanis quartet of East Palestine furnished the music; stunts were given by the Kiwanis fellows and the address of the evening was by Senator Garrod. Charles Wallace was in charge of the business session as both the president and vice president were absent. The next meeting will be held at New Waterford on April 8th.

Church Contest.
The local Methodist church will hold a contest on March 29, at which time orations will be given dealing with the World Service campaign which is being put on by Methodism this year. Miss Helen Garrod and Miss Olive Unger will speak and others are expected to sign up. The winner here will go to the group meeting at Columbiana.

Ladies Country Club.
The Ladies Afternoon Country club met on Wednesday with Mrs. A. C. Latta. Fourteen members responded to roll call with Current Events. Mrs. Ross Latta and Mrs. Ralph Heck will have charge of the clothing construction work in this part of Unity township for the summer, working under the leadership of Mrs. E. H. Myers.

Mrs. J. J. Justison entertained the club with an account of her recent visit with Mrs. Walter Blackwood in New York City. Mrs. Latta served a delicious lunch. The next meeting of the club will be with Mrs. L. V. Justison on March 26.

Youngstown—Judge Dahl B. Cooper of common pleas court, ordered that the building owned by Nick Consla, East Youngstown councilman, be padlocked for one year on evidence that the place was used for liquor selling and gambling.

200,000 QUESTION EXTENSION AGENTS

That Many Calls For Help Reported In 1923, Ohio Summary Shows.

Agricultural extension agents in 86 of Ohio's 88 counties responded to nearly 200,000 calls for help or advice during 1923.

This figure, an increase of 53 per cent over that of 1922, came out in a recent compilation of the agents' annual reports. In 22,589 meetings and demonstrations organized or sponsored by the Agricultural Extension Service of the Ohio State University last year, 1,260,685 persons were reached.

Acting on the demonstrated belief that efficient farming practices will cut down the cost of production, Ohio farmers adopted better practices, through co-operation with the Extension Service, in these numbers:

About 9,000 farmers bettered soil practices, 3,814 applied limestone for the first time, and 12,909, or 17 per cent more than in 1922, used fertilizers as recommended by the county agents. In growing cereals, 10,439 farmers improved their methods, 24,202 planted improved seed; in growing legumes, 11,115 changed their practices, 16,287 planted selected legume seed, and 5,817 inoculated for legumes.

Ohio livestock producers were equally active in adopting better practices, the report shows. Balanced rations became the rule on 14,029 more farms in 1923; culling unprofitable dairy cattle on 8,332

An occasional dose of
**DR. CALDWELL'S
SYRUP PEPSIN**
Keeps young girls fit

False Modesty Wrecks Health

THE young lady just assuming the responsibilities of a woman is very apt to be self-conscious of her physical functions, and in consequence neglect them. There is no time, however, when it is more important for her to look after them. Chief among her troubles is constipation, and her suffering will be serious when she gets older if she does not regulate her bowels now. Mrs. Mary Keller of 132 Benton St., Sisterville, W. Va., was perplexed about her daughter until her own druggist told her they used Dr. Caldwell's Syrup Pepsin at his house, and she did likewise. Miss Irene Mazierska of 90 Peter St., Buffalo, N. Y., is glad her attention was called to Syrup Pepsin.

Safe for Young and Old

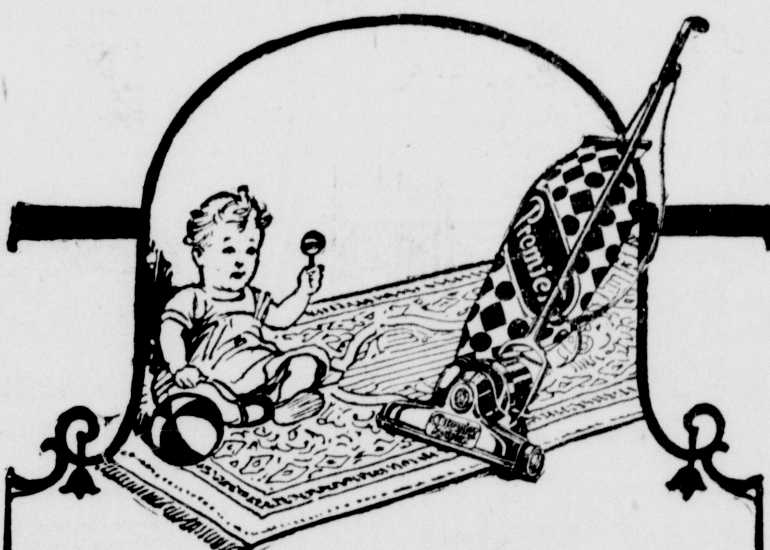

Let mothers with growing daughters interest themselves in this matter and see that their judgment is enforced. A rule followed by many is to take a spoonful of Dr. Caldwell's Syrup Pepsin once a week until the bowels function daily, and at such other times as there is headache, biliousness, sores and

fever blisters, lack of energy and appetite, sleeplessness, indigestion. A dose can be given in these conditions to any member of the family however young or old as Syrup Pepsin is a simple compound of Egyptian senna with pepsin and pleasing aromatics, and perfectly safe.

Public Recognizes Merit

You will quickly see the difference between a mild laxative like Dr. Caldwell's Syrup Pepsin and castor oil, or rough cathartics and physics. Syrup Pepsin acts gently and does not gripe. Increased doses are not necessary. A bottle can be had at any drug store, and a spoonful costs less than a cent. It has been successfully used for thirty years and is the largest selling liquid laxative in the world, over 10 million bottles having been sold in drug stores last year. Keep Syrup Pepsin in your medicine chest.

"If You Want to Try It Free Before Buying—"
"Syrup Pepsin," 217 Washington St., Monticello, Illinois.
I need a good laxative and would like to prove what you say about Dr. Caldwell's Syrup Pepsin by actual test. Send me a free trial bottle. Address to

Healthier BABIES Where Rugs are CLEANER

Every baby has to take his tumbles on the floor. But the floor he tumbles on isn't clean till every bit of germ-laden grit is drawn from the very bottom of the nap. To get that out, while the rug's down on your floor—you need the DOUBLE ACTION of the

Premier Duplex

You need the MOTOR-DRIVEN BRUSH that picks off threads and lint, shakes and vibrates the rug, loosens all the deepest trodden-down dirt.

And you need the POWERFUL SUCTION that draws it all up—dust and dirt and lint and grit from the very bottom of the nap. Strong suction that means efficient attachments, too, for every cleaning purpose.

farms. Added to this, nearly 10,000 farmers adopted better methods of raising livestock.

The 1,112 Ohio poultrymen running demonstration farms in co-operation with the University averaged about 130 eggs per hen, as against the state average of 70 eggs per hen. For the other departments of an Ohio farm the Extension Service annual report shows like figures.

Akron—John W. Pyane, 67, head of the Payne Engineering Co., and for 20 years city engineer here, fell dead of heart disease while on a surveying job at Delio and Burton sts.

O'DORAN GETS 242, TEAM FOUR IN LEAD

Two Teams Fight For Lead In Mullins Bowling Tournament.

Teams Four and Five continue to play hide and seek in the Mullins bowling league. This week Team Four went into the lead by a game when the five took Team Eight over for two games while Team Five was losing three straight to Team One. These two teams are putting on a hot fight for honors and will probably continue to run neck and neck.

The office outfit continued in third place although they bettered their standing considerably by their three wins over last week's leaders. The blanking and tool room teams exchanged places. Three teams all three games from two.

The fender five, timekeepers, and publishers continued in the respective positions at the bottom of the group.

O'Doran rolled 242 for a high score. He is a member of Team One. Whitcomb continued in the high column with 203 as his week's effort.

WALTER JOHNSON TO BECOME MINOR LEAGUE MANAGER

Hot Springs, Ark., March 14.—The end of the 1924 season probably will witness the passing of Walter Johnson, star pitcher of the Washington American League baseball club, from his plans now go through as he anticipates.

Johnson, in an interview with International News Service said, "I am now planning to purchase a Pacific Coast League team at the end of the approaching season and if I am successful, I shall settle down in one of the Western cities where I can give my children the best educational advantages. Mrs. Johnson's relatives reside in the West, and that is the principal reason why I prefer the Coast League."

Bucky Harris, newly-elected manager of the Washington Club, received high praise from Johnson. He declared that all members of the team liked Harris and were going to do their best to help him finish first in the 1924 season race.

Johnson said he was in the best physical condition and anticipates a great season.

TRAINING CAMP DOPE ON MAJOR LEAGUE TEAMS

PITCHERS TAKE TURNS
Lakeland, Fla., March 14.—Cleveland Regulars and Yankees meet this afternoon in their first game of the training season. Manager Speaker plans to let Coveleskie, Ohio, Shaute and Smith take turns in the box.

McClellan Makes Good
Winterhaven, Fla., March 14.—Henry McClellan, who was spiked on the foot and retired for several days by Third Baseman Miller on McClellan

CUBS PLAY VERNON

Long Beach, Cal., March 14.—Bill Killefer brought his Cubs to the mainland to wrangle with Vernon again. Elmer Jacobs, veteran Seattle pitcher, probably will start for the Cubs.

JOHNSON LETS LOOSE
Tampa, Fla., March 14.—Joy prevailed in the camp of the Senators today. Walter Johnson, breaking loose with an avalanche of speed and curves, gave evidence that he will again be able to carry the pitching burden this, his 17th season under the big tent. Johnson is ready to pitch nine full innings right now, Manager Harris reported.

MAYS SHOWS FORM
Orlando, Fla., March 14.—Although Carl Mays, former Yankee pitcher, showed great form in the three innings he worked for the Cincinnati Reds yesterday, Marking the opposition, Indianapolis won the game 3 to 2.

BALDWIN NOT IN FORM
Sarasota, Fla., March 14.—Failure of Howard Baldwin, former star pitcher of the Newark club of the International league, to round into form was attributed today by John McGraw to the fact that Baldwin worked as a riveter during the off season.

The Giant leader declared that Baldwin's shoulder muscles had become tightened through his work and that the pitcher will be of little use until the kinks are ironed out.

PHILLIES GET LACING
Clearwater, Fla., March 14.—Today the Phillies were recovering from the lacing meted out yesterday by the Dodgers in the first exhibition game. The score was 12 to 1. Manager Fletcher, knowing more about his pitchers than he did before, is expected to give his attention to this department of the team when he gets back to Leeburg.

TIGER REGULARS WIN
Augusta, Ga., March 14.—The regulars defeated the second Tiger team yesterday 12 to 1. Cobb is disappointed in the showing of Bill Smythe and Seppood, pitchers.

LONGER PRACTICE
Paso Robles, Cal., March 14.—Manager McKechnie, beginning today, has ordered longer practice for the Pirates, morning and afternoon. Morning practice will begin at 9:30 and the afternoon at 1:15. This program will continue until the Pirates leave Wednesday for Sacramento.

CARDINALS WIN
Bradentown, Fla., March 14.—The Cardinals scored their second straight victory by winning from the Boston Nationals 5 to 4. The feature of the game was a home run by Rogers Hornsby.

TILDEN MAY PLAY IN OLYMPIC GAMES

New York, March 14.—Statements purporting to indicate the outright loss of William T. Tilden to the American Olympic tennis team through the medium of the player-writer rule, may, like Mark Twain's death, turn out to be greatly exaggerated, not to say premature.

An effort is now being made to placate Tilden's syndicate, his publishers and reading public by having the champion write enough masterpieces in advance to tide him over the arid period of the international games decreed by America's committee. Tilden and the executive committee of the United States Lawn Tennis association are due to go into conference tomorrow on the subject. It is said that the suggestion of pre-written copy by Tilden will be advanced at the meeting and means discussed to carry it into effect.

If successful the idea will be a legitimate evasion of the new rule which declares that no Olympic athlete will be permitted to write articles for publication during the period of the games. It will be legitimate because Tilden's pre-written stories can have no bearing on the Olympiad, thus conforming with the intent and purpose of those who drafted the rule.

EASTERN TIME IS ORDERED IN SEVERAL CITIES

Columbus, March 14.—Word reached here today that the interstate commerce commission ordered a change from central to eastern time for Columbus and other Ohio points to become effective at 2 a. m. March 20.

The new time belt, dividing Ohio into eastern and central time zones, will start at Toledo and end at Galipolis. It follows the New York Central lines to Pistoria, and then takes a course west with the Hocking Valley railroad through Marion, Delaware, Columbus and Logan. Villages and cities along the routes will operate on eastern time as will railroads at the points affected.

A portion of the Norfolk and Western lines and west of Williamson, W. Va., the commission ordered, will retain the central time. This leaves a number of southern Ohio towns in the central time zone although they are almost directly on the Columbus meridian.

The World's Sunday-School association, with a membership of 31,000,000, is said to be the largest organization of the world.

BARNES WHOLE WORKS IN MARKET BUREAU IN STATE

Columbus, March 14.—P. W. Barnes, of the U. S. Department of Markets, is the whole works in the state bureau of markets and marketing here. He receives pay both from the state and federal governments but little from the state.

The bureau, which furnished livestock and other markets to the public, producers, newspapers and press associations, was operating too extravagantly, according to the state emergency board and last July the \$15,000 annual appropriation was cut down to \$2760.

The superintendent's job was abolished as was that of a clerk. It is up to Barnes to do all the work.

HEAVIER DEMAND FOR FIREWORKS; COST IS HIGHER

Lisbon, March 14.—"There will be more fireworks sold by the manufacturers this year than ever before," declared salesmen who were selling this line in Lisbon Wednesday.

Sales records in his possession for the first quarter of 1923 disclosed the fact that his sales so far this year were \$12,000 in advance of the first four months of a year ago.

"The market is a little higher on fireworks this year than last," the salesman went on, "sky rockets hav-

ing two advances of 15 per cent each since January. These advances have been caused by increased costs in labor and materials.

"All through eastern Ohio there is a heavier demand for fire works now than at any time since the close of the last war, and all factories are working to the limit of production."

RADIO

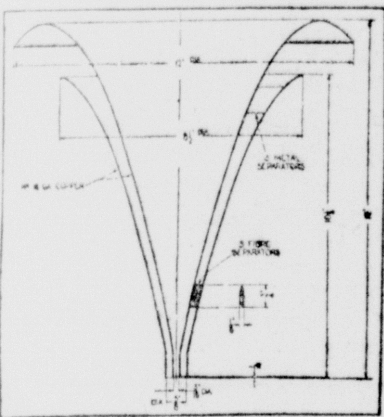

By A. W. SHRAEF

Whenever there was occasion to demonstrate a receiving set with a loud speaker, either in a large or small room, to a number of people where a comparatively large volume of sound had to be used, there was always met the annoyance, to those near the speaker, of being disagreeably affected, while listeners at a point half way to the rear of the room would just about be able to judge the good and bad points of the receiving set employed. At the present time, when entertainment is furnished in an auditorium, hotel lobby, etc., it is always necessary to use two loud speakers placed at different points.

From time to time new loud speakers have been placed on the market. However, the manufacturer of every one makes new claims only for quality of tone, etc., due to the construction of the diaphragm. In principle, they are all alike, throwing the entire volume of sound in one direction.

Beginning with the premise that even distribution of this volume of sound over the entire room, in other words diffusion of the sound, would solve the problem, it logically follows that this must be done from some point at the center.

Placing a loud speaker with the conventional type of horn, at this point, directing the sound waves either against the ceiling or the floor, does not help—the problem was one of actual direction of the waves. Taking into consideration the reflecting qualities of the horn itself, as well as those of the ceiling, walls and floors, the solution had to be such that the

Details and Dimensions of the Loud-Speaker Horn Described in This Article. The Larger Horn Is Supported by Pieces of Fiber Fastened to the Outer Horn.

means sought would function under any indoor conditions such as in rooms of different sizes, furnished or unfurnished, etc.

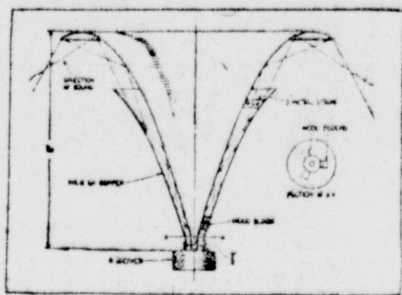

From the above, the line of research to be followed, and the solution, will be readily understood by the description and illustrations of the means employed to get the desired effect of diffusing the total volume of sound practically evenly over an entire room. The first step was to place a horn within a room, with simple means to hold these two horns in their proper relative positions. Horns with straight sides would naturally constitute no improvement, therefore, the principle of the bell (as for instance the opening of a cornet) of the brass musical wind instrument was adopted—and please note—this bell has been used since time immemorial without change.

On the curve of the bell, however,

depend to the largest degree the acoustical qualities, and to fulfill its purpose this curve has to be mathematically, as well as acoustically correct, and by collaboration the true curve was designed. After using various materials, the horns were made of No. 16 gauge copper and in order to still minimize internal vibrations, the interior, as far as possible, as well as the exterior of both horns were covered with paper. The illustrations show the dimensions as well as the curves.

It will be noted that the inner horn at the bottom is shorter than the outer one, and the travel of sound waves through this horn is directed and spread against the ceiling, while the flare directs the sound waves from the outer horn sideways and downward.

This combination of bells or duplex horns replaced the horn of the loud speaker. No power amplification was

Two Horns Are Used With This Arrangement; the Sound Is Projected Upward Through the Inside Horn, and That From the Outside Horn Deflected Downward by the Curved Edges of the Larger One.

needed as the receiving set employed was provided with three stages of audio, using No. 216A tubes. The loud speaker was placed within an electric light fixture of the reflecting bowl type, and suspended in such manner that the top of the speaker would be within 4 1/2 feet of the top of a room 12 feet high. In rooms with lower ceilings, approximately the same proportions were maintained.

Considering the fact that the bells in this speaker were by no means perfect—each was made in two pieces, cut out of a flat sheet of copper, shaped by hand, brazed and finished on mandrels which happened to be near the dimensions required—the result was truly surprising. In every part of the room, he it directly underneath the speaker or at a distance of 15 feet, the results were entirely different from those obtained with the usual type of horn. Good music or the voice received, acquired or was reproduced in a soft mellow tone, though the full volume was used at the input, and without this input being greater than necessary with the old-type horn.

The above results were obtained in a room 28 by 35 feet, using a single speaker. It is a practical certainty that in a large auditorium with fair acoustical qualities, two or three loud speakers using the described type of horn, will give excellent results. Naturally, tests for placing the horns will have to be made in every case, as the length, width and height of the auditorium will govern the situation.

Only the horn of the size illustrated has been made and used. However, there should be no question from the acoustical standpoint why different sizes of double horns, equipped with different types of microphones should not work satisfactorily.—Radio News.

MAHONING VALLEY ELECTRIC LINE IS BOUGHT BY N. O. E.

Cleveland, March 14.—The Cleveland, Alliance & Mahoning Valley railway, which has a \$2,000,000 replacement value, has been sold to the Northern Ohio Electric Co. for \$172,500.

The Northern Ohio Electric Co. is the holding company for the Northern Ohio Traction & Light Co. This gives the N. O. E. a through route from Akron to Youngstown and Alliance.

The contract of sale, drawn up by M. C. Portmann, receiver for the road, and Fred E. Klingman, attorney for the receiver, was approved by Common Pleas Judge James B. Ruhl and Common Pleas Chief Justice Homer C. Powell.

The bond holders, most of whom are residents of northern Ohio, will lose their investment of \$1,116,000. Mr. Portmann said. Virtually all the purchase price will be needed to meet claims against the road. The claims include \$25,000 in taxes, \$22,000 to the Baltimore & Ohio railroad for the unpaid balance of the cost of a right of way, and \$14,000 in receivership certificates, for equipment.

Application of Mr. Portmann as receiver to discontinue operation is pending with the state utilities commission. Action by the commission has been deferred for sixty days pending the transfer of the property to the N. O. E.

The interurban line connects All-

You can be free from Eczema!

WIERD, creeping, annoying sensations—scratch—scratch—scratch—eczema and other skin eruptions, spoiling your complexion—causing you to feel embarrassed—angry—ruining your temper. All because of impurities that are rampant in your system—because your red blood cells are dormant.

S. S. S. clears up skin eruptions through its power of cleansing the blood. Herbs and barks, carefully selected and scientifically prepared and proportioned, which make up the ingredients in S. S. S. are the most feared and dreaded enemies of skin disorders. Eczema, pimples, boils, blackheads and other skin diseases back up and leave the system when S. S. Carr's Hardware

ance, Ravenna and Warren. It was put out of business by bus competition, Mr. Portmann explained.

Under the terms of the sale, the Northern Ohio Electric Co. made a down payment of \$25,000 and agreed to pay \$25,000 in sixty days and the balance in six months. Interest on the deferred payments will make the sale price approximately \$175,000. The road has a bulk value of \$200,000, Mr. Portmann said.

WASHINGTONVILLE

Mr. and Mrs. Fred Dennon of Youngstown, Mr. and Mrs. J. A. Stouffer and family, Mr. and Mrs. F. L. Stouffer, Mr. and Mrs. Howard Stouffer and family, spent Sunday with Mr. and Mrs. Frank Spear and family.

Mr. and Mrs. Manly DeJare and daughter, Bernice, were Salem callers Sunday.

home of Mr. and Mrs. David Weikart and family Sunday.

Rev. Beale was a Salem caller Monday.

Miss Mabelle Ballantine of Leontonia spent Tuesday afternoon with Mrs. F. G. Davis.

Mrs. Wilbert DeJare was a Leontonia shopper Monday.

Professor Says Man's Shape Is All Wrong

London March 14.—Mankind is the weakest and most imperfect of animals and is prevented from doing useful work because of his shape, according to Professor F. W. Burdall, Dean of the Faculty of Science at Birmingham University.

"If I were to design the men and women of the future, I should make them spherical and provide them with wings and feathers," said the professor in a recent speech.

"A spherical configuration would enable men to establish a four-hour working day and do as much work as present-day men can do in eight hours," he added.

FADA "ONE SIXTY" Neutrodyne Radio Receiver

"If we don't get 'em on the loud speaker we don't count 'em"

That's how good the FADA "One Sixty" Neutrodyne radio receiver is. Goes after distant stations and gets them as easily as an ordinary receiver picks up a station a few miles away. Volume enough, even on the most distant station, to operate a loud speaker. Selective to the nth degree. Tunes out anything you don't want to hear. So perfectly made and adjusted that the FADA "One Sixty" operates at maximum without distortion. Cannot re-radiate and annoy your neighbors. The set you ought to own. Ask your dealer for this wonder radio receiver. Worth every cent of its price, \$120. Tubes, batteries, phones, etc., extra.

Use Celluloid Varnish for Self-Supporting Coils

An excellent insulating fluid which can be easily made by the radonlan has for its base celluloid. Drying very quickly, more so than shellac, it combines high insulating qualities with a beautiful gloss, strong body, not masking the original color of the coil or instrument treated. The composition is made by dissolving scrap celluloid such as photograph film in acetone, which can be purchased very cheaply at the corner drugist's. The photographic film should first be scraped of its gelatinous emulsion by immersion in lye water, hot water or household "ammonia." The coating is then easily removed by scraping. The cleaned cuttings of the film are then shaken in a corked bottle with the acetone, more acetone being added if the mixture becomes too thick, or more celluloid if it has a tendency to flow too easily.

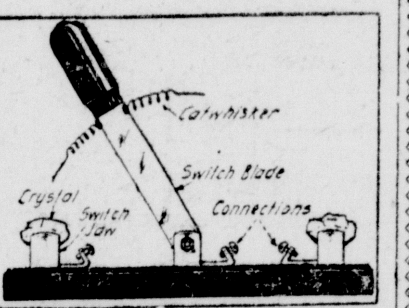

Coils, such as variometer rotors, wound on forms and painted with the celluloid varnish will retain their shape wonderfully, allowing very close coupling between it and the stator, this not being possible if a tube or other support were used.

Splicing Is Important Feature of Any Antenna

Splicing is an important feature of the antenna system. In fact, too much attention cannot be given splices, tight connections, etc. This is due to the fact that a great deal of skin reception is lost. Fusing or welding, of course, is the very best kind of a splice. Next comes the proper twisting and soldering and what is called the Western Union joint. The latter twist is about the best possible kind of a twist to use. To make the joint, allow the wires to lap for five or six inches, and then twist the ends around the other wire as tightly as possible. This aids the tensile strength as well as exposing a large surface for soldering.

How to Convert Switch Into Double Detector

In this detector a single pole double throw switch is used. The two contacts are spread slightly; in one is inserted a piece of radiolite and in the other a piece of silicon. On each edge

A Single Pole Double-Throw switch Is Converted Into a Double Crystal Detector in the Simple Manner Shown.

of the knife-blade solder a catwhisker. Connections are taken from either contact on the center of the switch. In this way change can be made from one crystal to the other.

Electric Iron Will Do Work of 50-Watt Lamps

Some experimenters, when constructing a rectifier, find considerable difficulty in finding suitable resistance to place in series with their battery that is being charged, other than a bank of lamps, which is rather expensive since so many are needed. Instead of the resistance, place an ordinary plug receptacle in series with the battery terminal and the high-voltage side. Then procure your mother's electric iron and, taking care that it is on a holder and will do no damage when hot, connect it in the plug receptacle. This will do the same work that 13 50-watt lamps would do and when your mother wants her iron it is hot and ready for service.

APRIL GRAND JURY NAMES ARE DRAWN

Jurors Must Report April 10; Petit Jury Also Selected.

The April grand jury has been summoned by Prosecuting Attorney J. C. Hanley to convene at 10 o'clock the morning of April 7. The jury drawn from the wheel Thursday afternoon will be composed as follows.

Charles O. Weaver, S. E. Anderson, Belle McHenry, Alice Shaffer, Ida R. Huston, all of East Liverpool; John W. Yates, Salem-Lisbon rd., Salem; Raymond Jones, Salem; William B. Boles and E. E. Garside, East Palestine; W. H. Baker, Salem; James Skinner, East Palestine; William E. Ward, Wellsville; Charles Foster, East Liverpool; R. D. R. C. Campbell, East Palestine; K. D. Mrs. Miriam Martz, Wellsville.

The petit jury for April was also drawn Thursday afternoon as follows: Mrs. Nan R. Chamberlain, Cecil Oliver and William Morris, East Palestine; Emma Hill and Nellie Neel, East Rochester; J. Charles Maple, David Finnegan, Salineville; Charles Bowers, Grace Viney, George H. Cochran, East Liverpool; Mrs. Allie Rice, Lisbon; R. D. R. T. Curtis, George E. Russell, O. D. Crawford, Salem; E. J. Cox, Millport; W. A. Aughinbaugh, Wellsville; John W. Weaver, Columbiana; Mrs. Elizabeth Fellows, Archibald Brinker, Lisbon; Mrs. Elizabeth Pylows, Leontonia; George D. Blackmore, East Liverpool.

SEES LITERARY QUILT AS BASED ON RURAL LIFE

"Bit by bit American authors are weaving a national literary quilt based on the regional differences in rural America."

G. E. Lively professor of rural economics at the Ohio State university, writes this in introducing a list of books of fiction drawn from American country life. This list of 48 titles all of them comparatively recent, will be sent to county extension agents and will be available for distribution from the university.

Formation of this "literary quilt is inevitable in a country with such distinct regional differences as rural America," continues Prof. Lively. "Each region is furnishing its characteristic patch dyed with its local color."

Here are some of the more prominent of these regional trends: New England country life is portrayed by Merritt P. Allen in "In Greenbrook," Sara Ware Bassett in "Granite and Clay," and "The Harbor Road." William D. Polly in "The Gog," and Joseph C. Lincoln in "Doctor Nye." "The Middle West" is variously treated, Herbert Quick and Margaret Wilson of Iowa. The first has "Vandemark's Folly" and "The Hawkem," and the latter "The Able McLaughlins." Willa Cather writes of Nebraska in "One of Ours" and "My Antonia." Sherwood Anderson centers several stories in Ohio as does Charles D. Stewart in "Valley Waters."

"Anthony M. Reed, in 'The Second Generation,' and Zona Gale writes of Wisconsin, and the Red River country receives treatment at the hands of John T. Frederic in 'Druid.' Sinclair Lewis in 'Main Street,' and others. Writers like Hamlin Garland and Emerson Hough treat this middle west area generally."

Lancaster — The will of Wesley Jordan, 75, a farmer who died recently, provides that his property be converted into cash and all over his funeral expenses turned over to the treasurer of the United States. The estate is estimated at \$16,000. Mr. Jordan made a vow that he would pay his "debt of gratitude" to the government for his liberty under the stars and stripes.

Says---Now Stiff Joints Must Go

New Discovery Limbers 'Em Up and Even the Creaking Ceases

Yes, it's true—the world progresses. All you have to do nowadays to limber up that stiff, rusty knee joint is to squeeze a half inch of miracle working substance from a tube.

Then rub it on the offending part for about a quarter of a minute or until it soaks through the skin and disappears on its errand of mercy.

Then read the evening newspapers and go to bed. The chances are that your misbehaving knee joint will lose its "creak" while you are dreaming about the high fences you used to leap when you were a youngster.

"And in the morning," says one who has tried the new discovery, "you'll feel so happy that you will want to jump into your sportiest clothes and walk briskly down the street just to show the neighbors that you are not as old as they think you are."

Joint Ease: They call this wonder working substance, for the reason that when ordinary remedies fail to limber up the stiff, inflamed rheumatic joint, or reduce the swelling, Joint Ease succeeds.

It's a good name for a good, clean, stainless prescription that in just a few months has proven to a multitude of people that lame, swollen, distorted joints can speedily have the kinks taken out of them and work as smoothly as ever.

But Joint Ease is for bothersome joints, whether in knee, ankle, hip, shoulder, spine or finger and for that purpose its sale is immense.

The J. H. Lease Drug Co., Floding, drug store and Bolger & French have a big supply of it and druggists everywhere report a big demand.

Future Of Livestock Depends On Pastures Asserts Ohio Expert

If Ohio counties with unproductive pastures expect to continue the production of livestock, pasture renovation must take a leading part in their agricultural program.

In making this statement soils extension specialists at the Ohio State university point as an example to what happened in southeastern Ohio. From 1870 to 1910 the acreage in permanent pasture increased from 1,703,523 to 2,475,945, an increase of 46 per cent.

In 1870, 1.4 acres of pasture could support a unit of livestock. In 1910, it required 5.2 acres to support a similar unit.

To test their belief that a-did phosphate applications are the first step in rejuvenating such pastures, the soils specialists observed Hocking, Perry and Guernsey county pastures that had been treated with two tons of limestone, 300 pounds of acid phosphate and 15 pounds of mixed seed an acre. The soil was also disked.

These treated acres averaged a yield of 4,846 pounds, while the untreated check plots averaged but 1,210 pounds.

In protein produced per acre, treated plots averaged 705 pounds; untreated plots, 117 pounds. In phosphorus in vegetation produced per acre, treated plots averaged 3.9 pounds; untreated plots 2.2 pounds. In calcium in vegetation produced per acre, treated plots averaged 48.6 pounds as against 7.6 pounds for the untreated lands.

Of ailments, the three which cause the most pain are toothache, earache, and neuralgia of the fifth nerve.

FOR BAD COLDS

"The quickest, surest and safest relief for colds that has ever been compounded"—Munyon's Cold Remedy is prepared for relieving colds in the head, throat or lungs and for checking fever, nasal discharges and the aches and pains caused by colds, grippe and bronchitis. Don't trifle with a cold. Don't take "unknown cures." Let Munyon's Cold Remedy make you well. At all druggists.

"Secrets of Paris"
The State theater announces that "Secrets of Paris," the screen version of Eugene Sue's most famous novel, "The Mysteries of Paris," to be shown Friday and Saturday. Here is a photoplay that should whet the appetites of every motion picture fan for the book has been read by thousands of persons during the past 50 years, and stands today as one of the most popular stories of love and romance.

Gunmen Raid Store, Take Cash, Diamonds

Cleveland, March 14.—Police today were seeking two youthful gunmen who last night held up three persons in Samuel Lavine's drug store here, rifled the cash register of \$899 and took a \$200 diamond ring

from Lavine's finger. Lavine, his mother-in-law and a clerk were forced to lay face down on the floor behind the prescription counter. Diamond rings valued at \$3,000 were reported stolen in another robbery.

\$50,000,000 Farm Aid Defeated In Senate

Washington, March 14.—The Senate by a vote of 41 to 32 defeated the Norbeck-Burness farm aid bill appropriating \$50,000,000 to loan to farmers of the wheat regions to purchase livestock and to diversify the crops.

The bill would have authorized the Secretary of Agriculture to make loans to farmers not exceeding \$1,000 each.

Washington — Miss Elizabeth Hanna, daughter of the late Mr. and Mrs. Daniel Hanna, and granddaughter of the late Mark Hanna, recently announced her engagement to Richard Porter Davidson, Washington.
